## City Council Staff Report

---

Department: PUBLIC WORKS

February 13, 2024

---

**To:** Mayor and City Council

**From:** George Avila, Public Works Director

**By:** Anna Santillan, Fiscal Analyst I

**Subject:** Resolution No. 2024-10 Authorization to Execute Program Supplement for \$1.3 Million in HSIP Cycle 11 Projects (GA)

### RECOMMENDATION

Council adopt Resolution No. 2024-10 authorizing the City Manager or his designee to execute the necessary Program Supplement Agreements for \$1.3 million in Highway Safety Improvement Program (HSIP) Cycle 11 funds.

### EXECUTIVE SUMMARY

The city was awarded three Highway Safety Improvement Program (HSIP) grants totaling \$1.3 Million for pedestrian improvements at various locations in Dinuba. The Projects will enhance pedestrian safety by installing and enhancing pedestrian crossings and narrowing the street widths to promote slower vehicle speeds in the project areas. Program Supplements must be executed with the State of California Department of Transportation before the city can gain access to the awarded grant funds. Resolution 2024-10 grants the City Manager or Public Works Director authorization to execute all necessary program supplements for the subject HSIP projects.

### OUTSTANDING ISSUES

None.

### DISCUSSION

The Highway Safety Improvements Program (HSIP), codified as Section 148 of Title 23, United States Code (23 U.S.C. §148) is one of the core federal-aid programs. The purpose of the HSIP program is to achieve a significant reduction in traffic fatalities and serious injuries on all public roads. On March 9, 2023 the

approved HSIP Cycle 11 projects were announced, a total of 434 applications were submitted from 206 various agencies, requesting an overall funding of \$521 million of HSIP funds. Out of the total applications submitted, only 286 projects were approved totaling \$231.6 Million.

The City of Dinuba was awarded a total of \$1.3 Million for the construction of new pedestrian improvements at various locations around town. These projects have been identified by Caltrans with the following project numbers:

- HSIPL-5143 (041)
- HSIPL-5143 (042)
- HSIPL-5143 (043)

The scope of work associated with these projects includes installing crossings with enhanced safety and install median refuge islands in minor road approaches. The project would focus on various locations within the City including: El Monte Way, Palm Drive, N. Crawford Avenue, E. Saginaw Avenue, W. Kern Street, S. M Street, El Monte Way, N. I Street and Eaton Avenue, Avenue 416, Road 92. In addition, the project will upgrade and install sidewalk pathways along select roadway segments. There will also be several rectangular rapid flashing beacons (RRFB) that will be installed to enhance pedestrian safety.

State and Federal regulations require the city to execute project specific program supplements in order to access grant funds (see Attachment B, C, & D). Adoption of Resolution No. 2024-10 (Attachment "A") will authorize execution of the agreement as required by the Federal HSIP grant.

There is a required match in the amount of \$133,900 which will be funded by local transportation funds with an estimated project total of \$1,339,000.

## **FISCAL IMPACT**

The required matching funds will be allocated out of local transportation money.

## SPECIAL COVENANTS OR REMARKS

1. A. This PROJECT has received STATE funds from Highway Safety Improvement Program (HSIP). The ADMINISTERING AGENCY agrees to administer the PROJECT in accordance with the Highway Safety Improvement Program (HSIP) Guidelines, the Local Assistance Procedures Manual (LAPM), the Local Assistance Program Guidelines (LAPG), and this PROGRAM SUPPLEMENT.

B. The STATE funds for this PROJECT may be provided under one or more phases, which are Preliminary Engineering (PE), Right-of-Way (R/W) and Construction (Con).

A phase-specific fund allocation is required, in addition to other requirements, before reimbursable work can occur for the phase identified. Each allocation will be assigned an effective date and identify the amount of funds allocated per phase. Unless otherwise determined, the effective date of the phase-specific allocation will constitute the start of reimbursable expenditures for the phase. The STATE funds available for reimbursement will be limited to the amount allocated by the STATE for the phase.

C. At the time of the first fund allocation approval for the Project, this PROGRAM SUPPLEMENT, a STATE-approved Allocation Letter and STATE Finance Letter are prepared to allow reimbursement of eligible PROJECT expenditures for the phase allocated.

D. STATE and ADMINISTERING AGENCY agree that any additional fund allocations made after the execution of this PROGRAM SUPPLEMENT, for the phase that has been authorized in the first fund allocation approval or for a new phase, will be encumbered on this PROJECT by use of a STATE-approved Allocation Letter and a STATE Finance Letter and are subject to the terms and conditions thereof.

E. This PROJECT is subject to the delivery requirements enacted by the HSIP guidelines. The delivery requirements may be accessed at: <https://dot.ca.gov/programs/local-assistance/fed-and-state-programs/highway-safety-improvement-program/delivery-requirements-status-approved-projects>.

F. Award information shall be submitted by the ADMINISTERING AGENCY to the District Local Assistance Engineer immediately after project contract award and prior to the submittal of the ADMINISTERING AGENCY'S first invoice for the construction contract. Failure to do so will cause a delay in the State processing of invoices for the construction phase.

G. The ADMINISTERING AGENCY shall invoice STATE for PE, R/W and CON costs no later than 180 days after the end of expenditure the phase. For construction costs, the ADMINISTERING AGENCY has 180 days after project completion or contract acceptance to make the final payment to the contractor, prepare the final Report of Expenditures and final invoice, and submit to STATE for verification and

### **SPECIAL COVENANTS OR REMARKS**

payment.

H. ADMINISTERING AGENCY agrees to submit the final report documents that collectively constitute a "Report of Expenditures" within one hundred eighty (180) days of PROJECT completion. Failure of ADMINISTERING AGENCY to submit a "Final Report of Expenditures" within 180 days of PROJECT completion will result in STATE imposing sanctions upon ADMINISTERING AGENCY in accordance with the current LAPM provisions.

I. ADMINISTERING AGENCY agrees to comply with the requirements in 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (applicable to Federal and State Funded Projects).

J. By executing this PROGRAM SUPPLEMENT, ADMINISTERING AGENCY agrees to provide the STATE, upon request, with the information related to the PROJECT for the purpose of project evaluation or other purposes.

K. The ADMINISTERING AGENCY shall construct the PROJECT in accordance with the scope of work presented in the application and approved by the State. Any changes to the approved PROJECT scope without the prior expressed approval of the State are ineligible for reimbursement and may result in the entire PROJECT becoming ineligible for reimbursement.

**To:** Mayor and City Council

**From:** Greg Chastain, Interim Fire Chief

**By:** Greg Chastain, Interim Fire Chief

**Subject:** Instructional Service Agreement between Fresno City College and City of Dinuba (GC)

### RECOMMENDATION

Council to approve the Instructional Service Agreement Between Fresno City College and the City of Dinuba and authorize the City Manager or designee to execute the agreement.

### EXECUTIVE SUMMARY

The City of Dinuba Fire Department provides ongoing training for personnel to maintain proficiency in the ever-changing demands of the fire service. A minimum number of monthly training hours are required for each employee. The Instructional Services Agreement with Fresno City College provides for the City to be reimbursed for training hours completed.

### OUTSTANDING ISSUES

None.

### DISCUSSION

The City of Dinuba Fire Department provides ongoing training for personnel to maintain proficiency in the ever-changing demands of the fire service. Firefighters and Paramedics are required to complete a monthly minimum number of both manipulative and didactic training hours. The Instructional Service Agreement allows the City to provide training that meets the requirements of FCC and allows for payment of a percentage of the state base appointment earned due to eligible instructional Full-Time Equivalent Student (FTES) hours.

Under the terms of this agreement, the city will submit invoices to FCC for all mutually

agreed upon instructional FTES hours. FCC shall pay the City the agreed contract price within the agreed upon timeline for the fiscal year. A copy of the agreement is enclosed herein at Attachment 'A'.

The City is currently operating under an Instructional Services Agreement with FCC that will expire on April 30, 2024.

## **FISCAL IMPACT**

FCC shall pay the City 60% each academic year (July 1st. through June 30th) of the state apportionment earned due to eligible instructional FTES hours. At no instance will there be net-negative revenue to the City.

## INSTRUCTIONAL SERVICE AGREEMENT FRESNO CITY COLLEGE & DINUBA FIRE DEPARTMENT

This Agreement is made and entered into between Fresno City College (FCC), a college of the State Center Community College District (SCCCD), and **DINUBA FIRE DEPARTMENT (DFD)**, together known as “the parties”.

### WITNESSETH

WHEREAS, FCC is authorized by the California Education Code (“Education Code”) and Title 5 of the California Code of Regulations (“Title 5”), to conduct Contract Instruction, Assessment and Counseling Services to serve community needs; and

WHEREAS, **DFD** desires to contract with FCC to provide educational services to its in-service personnel as set forth herein; and

WHEREAS, the parties mutually desire cooperation of the parties to provide quality instruction and training to meet community needs, as set forth herein.

### AGREEMENT

NOW, THEREFORE, in consideration of the foregoing and of the covenants, conditions, and promises hereinafter contained to be kept and performed by the respective parties, FCC and **DFD** mutually agree as follows:

#### Section 1. RESPONSIBILITIES OF FCC

- a. FCC shall offer approved courses to meet educational needs and requirements of the **DFD** in-service personnel (all class participants are in-service personnel and shall hereafter be referred to as “students”). Such courses shall be approved by **DFD**.
- b. FCC shall provide a faculty coordinator to work with **DFD**. Said faculty coordinator shall act as the **DFD** co-instructor for all FCC affiliated educational courses. Under no circumstances, however, shall the faculty coordinator have authority over the remaining operations of **DFD**, including but not limited to, personnel issues concerning **DFD** employees, operational budget, or the use, maintenance, or scheduling of **DFD** facilities.
- c. FCC and **DFD** will mutually ensure ancillary and support services are provided for the students (e.g. Counseling, Guidance, & Placement Assistance).
- d. FCC shall assist **DFD** in registration and other support services to students to adequately manage and control the college’s course offerings.
- e. FCC shall approve selection of instructors and evaluate the quality of instruction to ensure that it meets the needs of the students and the accreditation requirements of FCC. FCC shall have the primary right to control and direct the instructional activities of all instructors.
- f. FCC shall ensure that course offerings meet all appropriate requirements of the Education Code and Title 5.
- g. FCC shall consult **DFD** on any revisions to existing FCC courses designed for the **DFD** program, initiation of new courses, or any other changes, to ensure the quality of educational services and to meet the needs of **DFD**.

- h. FCC shall provide the use of its facilities and equipment free of charge for use by the **DFD**, on an as-needed, space available basis for Instructional Service Agreement (ISA) partner programs. FCC shall attempt to provide use of said facilities and equipment during normal business hours.
- i. FCC shall demonstrate control and direction through such actions as: providing the instructor of record an orientation, instructor's manual, Title 5 course outlines, curriculum materials, testing and grading procedures and any other materials and services it would provide its adjunct instructors on campus.
- j. By signing this Agreement, FCC certifies it does not receive full compensation for direct education costs of the course from any public or private agency, individual or group.
- k. FCC has the primary right and responsibility to control and direct the activities of the instructors furnished by **DFD** while they are performing services under the term of this Agreement.

## **Section 2. RESPONSIBILITIES OF DFD**

- a. **DFD** shall provide classroom space for use as off-campus sites by FCC, free of charge for Instructional Service Agreement (ISA) courses.
- b. **DFD** shall provide instructors, equipment, materials, day-to-day management support, and all other related overhead necessary to conduct FCC's ISA courses.
- c. **DFD** shall cooperate with FCC to ensure all personnel, equipment, and materials used in carrying out its responsibilities under this Agreement conform to Education Code and Title 5 mandated standards governing instructional programs, including minimum qualifications for instructors.
- d. **DFD** shall use the money received as compensation for services under this Agreement for educational and training related purposes as they relate to public safety training programs.
- e. A tuition fee of \$46/unit for all **DFD** members enrolled in ISA courses shall be deducted from the gross revenue amount.
- f. An off-site health fee of \$13 per semester will be waived if students are covered by workers' compensation insurance through their employment with DFD. If **DFD** fails to provide evidence of workers' compensation coverage, then the off-site health fee will be deducted from the gross revenue for all registered **DFD** members. **DFD** affirms that their workers' compensation coverage is current, active, and will be maintained throughout the term of this agreement. Prior to the commencement of each annual term of this agreement, **DFD** shall deliver to the District Representative a Certificate of Insurance evidence of workers' compensation coverage.
- g. Records of student attendance and registration shall be submitted by **DFD** to FCC regularly and then maintained by FCC. Records will always be open for review by officials of the college and submitted on a schedule developed by FCC, no later than July 1<sup>st</sup> annually (see Appendix A).
- h. By signing this Agreement, **DFD** certifies the training facility is open to the public and the instructional activities agreed upon herein will not be fully funded by other sources.

## **Section 3. PAYMENT FOR SERVICES**

- a. In consideration of the services provided herein, FCC shall pay **DFD** 60% each academic year (July 1<sup>st</sup> through June 30<sup>th</sup>) of the state apportionment earned due to eligible instructional Full-Time Equivalent Student (FTES) hours (see Appendix B).
- b. Above hours shall not exceed 50,000 Student Instructional Hours (contact hours) per academic year during academic years when the California Community College Chancellor's Office (CCCCO) implements apportionment caps

for its colleges. Notice will be provided to **DFD** no later than October 30<sup>th</sup> annually if CCCCCO apportionment caps are in place for the upcoming academic year.

c. **DFD** shall submit to FCC an invoice for all mutually agreed upon instructional FTES hours provided under this Agreement. FCC shall pay **DFD** the agreed contract price within the agreed upon timeline for the fiscal year, to be established by no later than July 1<sup>st</sup> annually (see Appendix C). Any adjustments to the fiscal year timeline must be presented a minimum of forty-five (45) days prior to the end of any given course section.

d. Instructional FTES hours are defined as those hours reported on SCCC's CCFS-320 Report, California Community Colleges Apportionment Attendance Reports, which are subject to audit by SCCC's independent auditor and the California Community Colleges Chancellor's Office.

#### **Section 4. INDEMNIFICATION**

a. FCC agrees to indemnify, save, hold harmless, and at DFD request, defend DFD its officers, agents, and employees from any and all costs and expenses, damages, liabilities, claims, and losses occurring or resulting to **DFD** in connection with the performance, or failure to perform, by FCC, its officers, agents, or employees under this Agreement, and from any and all costs and expenses, damages, liabilities, claims, and losses occurring or resulting to any person, firm, or corporation who may be injured or damaged by the performance, or failure to perform, of FCC, its officers, agents, or employees under this Agreement.

b. **DFD** agrees to indemnify, save, hold harmless, and at FCC'S request, defend the FCC, its officers, agents, and employees from any and all costs and expenses, damages, liabilities, claims, and losses occurring or resulting to FCC in connection with the performance, or failure to perform, by DFD its officers, agents, or employees under this Agreement, and from any and all costs and expenses, damages, liabilities, claims, and losses occurring or resulting to any person, firm, or corporation who may be injured or damaged by the performance, or failure to perform, of DFD its officers, agents, or employees under this Agreement.

c. In the event of concurrent negligence on the part of FCC or any of its officers, officials, employees, agents or volunteers, and **DFD** or any of its officers, officials, employees, agents or volunteers, the liability for any and all such claims, demands and actions in law or equity for such losses, fines, penalties, forfeitures, costs and damages shall be apportioned under the State of California's theory of comparative negligence as presently established or as may be modified hereafter.

d. This section shall survive expiration or termination of this Agreement.

#### **Section 5. INDEPENDENT CONTRACTOR**

a. In performance of the work, duties, and obligations assumed by FCC under this Agreement, it is mutually understood and agreed that FCC, including all of FCC's officers, agents, and employees will always be acting and performing as an independent contractor, and shall act in an independent capacity and not as an officer, agent, servant, employee, joint venturer, partner, or associate of DFD Furthermore, **DFD** shall have no right to control or supervise or direct the manner or method by which FCC shall perform its work and function. However, **DFD** shall retain the right to administer this Agreement to verify that FCC is performing its obligations in accordance with the terms and conditions thereof.

b. FCC and **DFD** shall comply with all applicable provisions of law and the rules and regulations, if any, of governmental authorities having jurisdiction over matters subject thereof.

c. Because of its status as an independent contractor, FCC shall have no right to employment rights and benefits available to **DFD** employees. FCC shall be solely liable and responsible for providing to, or on behalf of, its employees with all legally required employee benefits. In addition, FCC shall be solely responsible and save **DFD** harmless from all matters relating to payment of FCC's employees, including compliance with Social Security withholding and all other

regulations governing such matters. It is acknowledged that during the term of this Agreement, FCC may be providing services to others unrelated to **DFD** or to this Agreement.

## **Section 6. INSURANCE**

a. Each party shall insure its activities in connection with this Agreement and always maintain insurance with coverage and limit amounts reasonably necessary to protect itself against injuries and damages arising from the acts or omissions caused by each party, their respective Boards, officers, employees, and agents in the performance of this Agreement. This insurance requirement may be satisfied through a program of self-insurance, or insurance coverage afforded to public entities through a Joint Powers Authority (JPA) risk pool.

b. Without limiting the DFD right to obtain indemnification from FCC or any third parties, FCC, at its sole expense, shall maintain in full force and effect, the following insurance policies, or a program of self-insurance, including but not limited to, an insurance pooling arrangement or Joint Powers Agreement (JPA) throughout the term of the Agreement:

I. Commercial General Liability - Commercial General Liability Insurance with limits of not less than Two Million Dollars (\$2,000,000.00) per occurrence and an annual aggregate of Four Million Dollars (\$4,000,000.00). This policy shall be issued on a per occurrence basis. **DFD** may require specific coverage including completed operations, products liability, contractual liability, Explosion-Collapse-Underground, fire legal liability, or any other liability insurance deemed necessary because of the nature of this Agreement.

II. Automobile Liability - Comprehensive Automobile Liability Insurance with limits of not less than One Million Dollars (\$1,000,000.00) per accident for bodily injury and for property damage. Coverage should include any auto used in connection with this Agreement.

III. Professional Liability - If FCC employs licensed professional staff, (e.g., Ph.D., R.N., L.C.S.W., M.F.C.C.) in providing services, Professional Liability Insurance with limits of not less than One Million Dollars (\$1,000,000.00) per occurrence, Three Million Dollars (\$3,000,000.00) annual aggregate. FCC agrees that it shall maintain, at its sole expense, in full force and effect for a period of three (3) years following the termination of this Agreement, one or more policies of professional liability insurance with limits of coverage as specified herein.

IV. Worker's Compensation - A policy of Worker's Compensation insurance as may be required by the California Labor Code.

V. Molestation - Sexual abuse / molestation liability insurance with limits of not less than One Million Dollars (\$1,000,000.00) per occurrence, Two Million Dollars (\$2,000,000.00) annual aggregate. This policy shall be issued on a per occurrence basis.

### **c. Additional Requirements Relating to Insurance**

FCC shall obtain endorsements to the Commercial General Liability insurance naming the DFD its officers, agents, and employees, individually and collectively, as additional insured, but only insofar as the operations under this Agreement are concerned. Such coverage for additional insured shall apply as primary insurance and any other insurance, or self-insurance, maintained by DFD its officers, agents, and employees shall be excess only and not contributing with insurance provided under FCC's policies herein. This insurance shall not be cancelled or changed without a minimum of thirty (30) days' advance written notice given to DFD

FCC hereby waives its right to recover from DFD its officers, agents, and employees any amounts paid by the policy of worker's compensation insurance required by this Agreement. FCC is solely responsible to obtain any endorsement to such policy that may be necessary to accomplish such waiver of subrogation, but FCC's waiver of subrogation under this paragraph is effective whether FCC obtains such an endorsement.

Within thirty (30) days from the date FCC signs and executes this Agreement, FCC shall provide certificates of insurance and endorsement as stated above for all of the foregoing policies, as required herein, to the DFD stating that such insurance coverage have been obtained and are in full force; that the DFD its officers, agents and employees will not be responsible for any premiums on the policies; that such Commercial General Liability insurance names the DFD its officers, agents and employees, individually and collectively, as additional insured, but only insofar as the operations under this Agreement are concerned; that such coverage for additional insured shall apply as primary insurance and any other insurance, or self-insurance, maintained by **DFD**, its officers, agents and employees, shall be excess only and not contributing with insurance provided under FCC's policies herein; and that this insurance shall not be cancelled or changed without a minimum of thirty (30) days advance, written notice given to DFD

In the event FCC fails to always keep in effect insurance coverage as herein provided, **DFD** may, in addition to other remedies it may have, suspend, or terminate this Agreement upon the occurrence of such an event.

All policies shall be issued by admitted insurers licensed to do business in the State of California, and such insurance shall be purchased from companies possessing a current A.M. Best, Inc. rating of A FSC VII or better.

## **Section 7. MISCELLANEOUS PROVISIONS**

a. If any provisions of this Agreement are found to be, or become, contrary to applicable law or regulations, or court decisions, FCC and **DFD** agree that the Agreement shall be renegotiated as it relates to said provision, and the remainder of the Agreement shall remain in full force and effect.

b. Term and Termination. The term of this Agreement shall start on May 1, 2024, or upon date of full execution of the agreement if it is after May 1, 2024, and terminate on April 30, 2029. Notwithstanding the foregoing, this Agreement may be terminated at any time, with or without cause, upon written notice given to the other party at least thirty (30) days prior to the end of the term in which classes are currently in session. In the event of such termination, each party shall fully pay and discharge all obligations accruing to the other party up to and including the date of termination. Neither party shall incur any additional liability to the other by reason of such termination.

c. Either party hereto maintains the right to cancel services prior to the beginning of each course at no cost to either party to this Agreement.

d. Nondiscrimination. To the extent required by controlling federal, state and local law, the parties shall not employ discriminatory practices in the provision of services, course instruction, employment of personnel, or in any other respect on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, sexual orientation, ethnicity, status as a disabled veteran or veteran of the Vietnam era.

e. This Agreement supersedes all other agreements, oral or written, between the parties hereto with respect to the use of the aforesaid facilities or services and contains all covenants and agreements between the parties with respect hereto. Each party to this Agreement acknowledges that no representations, inducements, promises or agreements, oral or otherwise, have been made by any party, or by anyone acting on behalf of any parties, which are not embodied herein, and that no other agreement, statement, or promise not contained herein shall be valid or binding. Any modification to this Agreement shall be effective only if it is in writing and signed by the **DFD** and FCC in the form of an Amendment to this Agreement.

f. Compliance with Law. In providing the services required under this Agreement, FCC shall always comply with all applicable laws of the United States, the State of California, the County of Fresno, and with all applicable regulations promulgated by federal, state, regional, or local administrative and regulatory agencies, now in force and as they may be enacted, issued, or amended during the term of this Agreement.

g. **Governing Law and Venue.** This Agreement shall be governed by, and construed and enforced in accordance with, the laws of the State of California, excluding, however, any conflict of laws rule which would apply the law of another jurisdiction. Venue for purposes of the filing of any action regarding the enforcement or interpretation of this Agreement and any rights and duties hereunder shall be Fresno, California.

h. **Cumulative Remedies.** No remedy or election hereunder shall be deemed exclusive but shall, wherever possible, be cumulative with all other remedies at law or in equity.

i. **No Third-Party Beneficiaries.** The rights, interests, duties, and obligations defined within this Agreement are intended for the specific parties hereto as identified in the preamble of this Agreement. Notwithstanding anything stated to the contrary in this Agreement, it is not intended that any rights or interests in this Agreement benefit or flow to the interest of any third parties.

j. **Attorney's Fees.** If either party is required to commence any proceeding or legal action to enforce or interpret any term, covenant, or condition of this Agreement, the prevailing party in such proceeding or action shall be entitled to recover from the other party its reasonable attorney's fees and legal expenses.

k. **Notice or correspondence** required by this Agreement shall be delivered personally or by United States mail as follows:

<b>Fresno City College, First Responder Campus</b>	<b>City of Dinuba Fire Department</b>
<b>Director Peter Cacossa</b>	<b>Interim Fire Chief Greg Chastain</b>
<b>3300 East North Avenue</b>	<b>496 East Tulare Street</b>
<b>Fresno, CA 93725</b>	<b>Dinuba, CA 93618</b>

l. The specific course(s) covered under this Agreement are described in the attached Appendix D and are incorporated herein by this reference.

m. **DFD** shall provide FCC with a request to add existing course(s) or sections with a minimum of 45 days advanced notice to FCC prior to the class start date. Each additional course of instruction shall require a written agreement to offer the course signed by the agency signatory or his or her designee as well as the FCC Vice President of Instruction or designee. The course details must be set forth in writing as with the course(s) listed in Appendix D and will become attachments to this Agreement.

n. **Electronic Signatures:** The parties agree that this Agreement may be executed by electronic signature as provided in this section. An "electronic signature" means any symbol or process intended by an individual signing this Agreement to represent their signature, including but not limited to (1) a digital signature; (2) a faxed version of an original handwritten signature; or (3) an electronically scanned and transmitted (for example, PDF document) of a handwritten signature. Each electronic signature affixed or attached to this Agreement (1) is deemed equivalent to a valid original handwritten signature of the person signing this Agreement for all purposes, including but not limited to evidentiary proof in any administrative or judicial proceeding, and (2) has the same force and effect as the valid original requirements of Civil Code section 1633.5, subdivision (b), in the Uniform Electronic Transaction Act (Civil Code, Division 3, Part 2, Title 2.5, beginning with section 1633.1). Each party using a digital signature represents that it has undertaken and satisfied the requirements of Government Code section 16.5, subdivision (a), paragraphs (1) through (5), and agrees that each other party may rely upon that representation. This Agreement is not conditioned upon the parties conducting the transactions under it by electronic means and either party may sign this Agreement with an original handwritten signature.

o. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same Agreement, binding on the parties according to its terms and conditions.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement in Fresno, California to be effective upon the date of full execution of the contract.

## APPENDIX B

### FCC Payment Split with Agency

Fire Agencies - Payment is based on the number of FTES (Full-Time Equivalent Student) generated by the training hours submitted. One FTES is equal to 525 contact hours, which are 50-minute hours. To calculate the number of FTES that the agency is paid for, we take the number of training hours and convert that into the number of contact hours (50-minute hours). We then divide that number by 525 to get the total number of FTES. The State of California pays an apportionment rate per FTES. We split that with the agency 60/40.

Fire Agency Example:

Total Agency Training Hours	Trainings Hours to Contact Hours	Contact Hours to FTES	FTES to Apportionment
1000	$1000 \times 60 / 50 = 1200$	$1200 / 525 = 2.28$	$2.28 \times (\$4840 \times 60\%) = \$6,621.12$ (gross revenue)

Fire agency students are awarded college units based on the number of training hours they complete. Units are calculated by converting the training hours into contact hours, and the contact hours into units. There are 54 contact hours in one unit. Units are always rounded down.

Total Training Hours to Contact Hours	Contact Hours to Total Units	Units to Registration Fees	Gross Revenue – Registration Fees = Net Revenue
$100 \times 60 / 50 = 120$	$120 / 54 = 2.22$ rounded to 2.00	$2.00 \times \$46.00 = \$92.00$	$\$6,621.12 - \$92.00 = \$6,529.12$

Police Agencies - Payment is based on the number of units completed by students taking ISA courses. Each ISA course has a unit value. Units are converted into contact hours, and contact hours are converted to FTES. One unit equals 54 contact hours, and there are 525 contact hours in one FTES.

Police Agency Example:

Total Agency Training Units	Training Units to Contact Hours	Contact Hours to FTES	FTES to Apportionment
100	$100 \times 54 = 5400$	$5400 / 525 = 10.28$	$10.28 \times (\$4840 \times 60\%) = \$29,853.12$ (gross revenue)

Units to Registration Fees	Gross Revenue – Registration Fees = Net Revenue
$100 \times \$46.00 = \$4,600$	$\$29,853.12 - \$4,600 = \$25,253.12$

The apportionment amount changes annually and is based on the state budget. The amount is available on the California Community College Chancellor's Office website.

Administrative Services Director Solis presented the second quarter Cash Investment report for fiscal year 2023/2024, ending September 30, 2023. The cash investment summary included investments of Cash Deposits Trustee Deposits, Portfolio Investments, and Managed Investments. Solis reported that the investments are safe and can be moved easily. Investments in LAIF, PIMMA, CAMP, and Tulare County Investment Pool had a total combined pool balance of 63.4 million.

A motion was made by Council Member Thusu, second by Council Member Launer, to accept the City of Dinuba Cash and Investment report for the second quarter of fiscal year 2023/24.

Ayes: Launer, Nerio-Guerrero, Prado , Reynosa, Thusu

## **6.2. SUBJECT**

### **Notice of Completion - Wastewater Treatment Plant Clarifier Project (JW)**

### **RECOMMENDATION**

Council to accept the WWTP Clarifier Project as complete and authorize the City Engineer to file a Notice of Completion with the Tulare County Recorder's Office.

City Engineer Watts presented a summary of the completion of the new 65-foot circular clarifier for the Wastewater Treatment Plant. Watts advised that the project was awarded to Clark Bros, Inc. on December 14, 2021, for \$2,210,000 and was completed on January 12, 2024. The final project had five change orders for \$43,926.83 which brought the total project to \$2,253,926.

Watts reported that the Wastewater Treatment Plant processes the city's sewage by removing contaminants in a five-step process, collection, primary treatment, secondary treatment, sludge treatment, and basin. Watts advised that there were two existing clarifiers before this project. The new clarifier allows for one of the two older clarifiers to be drained for maintenance.

Council Member Launer asked about the extra change orders. Watts explained the overages and advised there was also a credit due from the contractor exceeding the project's time.

A motion was made by Council Member Prado , second by Council Member Thusu, to accept the WWTP Clarifier Project as complete and authorize the City Engineer to file a Notice of Completion with the Tulare County Recorder's Office.

Ayes: Launer, Nerio-Guerrero, Prado , Reynosa, Thusu

## **6.3. SUBJECT**

### **Montebella Subdivision Solar Streetlight Installation (JW)**

### **RECOMMENDATION**

Staff recommends allowing San Joaquin Valley Homes to install solar streetlights in lieu of typical hardwired streetlights in the Montebella Phase 2 & 3 subdivision.

City Engineer Watts reported that San Joaquin Homes would like to install solar streetlights instead of hardwire streetlights in Montebella Phase 2 and 3. Watts reported that long PG&E delays make solar streetlight installations at Montebella 2 and 3 a preferred option. Watts presented three streetlight options and asked for feedback from the Council. Watts is recommending option one due to its superior disbursement of light.

City Council Member Launer asked about spikes on top of the streetlights to help with pigeons. Watts advised he would look into spikes.

City Manager Patlan reported that the streetlight brightness is controlled by a remote. Solar streetlights previously installed in the city are located on Euclid by Roosevelt School and at the KC Vista Park at the Basketball courts.

Council approved option one of the Solar Streetlights.

A motion was made by Council Member Launer, second by Vice Mayor Nerio-Guerrero, to approve the installation of solar streetlights option one in place of hardwired streetlights in the Montebella Phase 2 and 3 subdivision and provide feedback on the style of solar lights.

Ayes: Launer, Nerio-Guerrero, Prado , Reynosa, Thusu

## **7. MAYOR/COUNCIL REPORTS**

Council Member Prado reported that he will attend the Economic Development meeting on Wednesday morning.

Vice Mayor Nerio-Guerrero reported attending the Fentanyl Town Hall meeting.

## City Council Staff Report

Department: PARKS AND COMMUNITY  
SERVICES

February 13, 2024

**To:** Mayor and City Council

**From:** Stephanie Hurtado, Parks and Community Services Director

**Subject:** Resolution No. 2024-12 Approving a \$10,000 Budget Amendment for the 2nd Annual BBQ & Brew Fest (SH)

### RECOMMENDATION

Council takes the following action by one motion:

1. Adopt Resolution No. 2024-12 approving a budget amendment in the amount of \$10,000 for the 2nd Annual BBQ and Brew Fest; and,
2. Approve fees and pricing for merchandise sales.

### EXECUTIVE SUMMARY

The Parks and Community Services Department is hosting the 2nd Annual BBQ & Brew Fest on March 16th, 2024, at Rose Ann Vuich Park. The event last year was a great success. In order to expand the event, staff is requesting a budget amendment for an additional \$10,000.

### OUTSTANDING ISSUES

None.

### DISCUSSION

The First Annual BBQ & Brew Fest hosted in August of 2023 was a great success. There were 30 teams from all over the west coast, who participated in the Kansas City BBQ Society competition. The events consisted of 11 food vendors, 3 live bands, and 6 microbreweries from the valley. Staff received great feedback from the community.

Staff was successful in securing an earlier date with the Kansas City BBQ Society

and will host the event March 16th, 2024. With the event being moved to avoid the central valley heat the 2024 BBQ & Brew Fest falls within our current 2023-2024 fiscal year. For this reason, staff are seeking approval from the City Council for an additional \$10,000. Staff have sent out sponsorship letters and made contact with potential sponsors for this event but have yet to secure enough donations to offset the costs as we need to start paying vendors and purchasing items for the event.

During the event last year, the community expressed interest in merchandise such as BBQ and Brew Fest t-shirts, commemorative tasting glasses, and additional tokens sold separate from the adopted package deal. Staff have taken this suggestion into consideration and are proposing council adopt a merchandise range of \$5.00 to \$60.00 to allow flexibility in new merchandise each year. This year staff plan to sell event t-shirts for \$20.00, a commemorative glass for \$15.00 and (12) beverage tokens for \$20.00. It is anticipated with these newly adopted fees we will bring in more revenue.

The 2023 cornhole tournament last year went well with 12 participating teams. The Grand Champion team took home the \$200 grand prize and a trophy. The Reserve Champion team also received a trophy. With feedback from the community, staff are requesting City Council approve a Reserve Champion prize payout of \$100. That funding would come out of the already adopted fee for registration for the tournament. Staff believe this will entice more potential teams to come out and compete at this year's tournament.

Staff requests that the City Council adopt Resolution No. 2024-12 enclosed as Attachment 'A' approving and adopting the budget amendment enclosed as Attachment 'B' for the 2nd Annual BBQ & Brew Fest.

## **FISCAL IMPACT**

### **BBQ & Brew Fest**

Additional \$10,000.00 into the Special Events Division 403-960.1290

Merchandise Range \$5.00 to \$60.00

- T-Shirt sales \$20.00 per shirt
- BBQ and Brew Commemorative Tasting Glass \$15.00
- (12) Beverage Tokens \$25.00

### **Cornhole Tournament**

Reserve Champion Payout \$100.00 per team

**RESOLUTION 2024-12**

**A RESOLUTION OF THE COUNCIL OF THE CITY OF DINUBA  
APPROVING AND ADOPTING THE BUDGET AMENDMENT TO  
HOST THE 2024 BBQ & BREW FEST**

**WHEREAS**, the FY 2023/2024 Annual Budget reflects the City of Dinuba's ongoing commitment to providing core services to the community consistent with the strategic goals established by the City Council; and

**WHEREAS**, the FY 2023/24 Annual Budget; was approved by the City Council on June 27, 2023 by Resolution 2023-35 and any subsequent amendments must be approved by Resolution; and

**WHEREAS**, a budget amendment is necessary to host the 2024 BBQ & Brew Fest

**NOW, THEREFORE, BE IT RESOLVED**, the Dinuba City Council hereby resolves that the FY 2023/2024 budget be amended to provide a \$10,000 increase to the Summer Night Lights Program line item, which the BBQ & Brew Fest is expensed out of.

## City Council Staff Report

---

Department: PUBLIC WORKS

February 13, 2024

---

**To:** Mayor and City Council

**From:** George Avila, Public Works Director

**Subject:** Resolution No. 2024-11 Authorization to Apply for CDBG Program Income Funding to fund Rose Ann Vuich Park Improvements (GA)

### RECOMMENDATION

Council adopt Resolution No. 2024-11 authorizing submittal of an application for Community Development Block Grant (CDBG) Program Income funding in the amount not to exceed \$1,000,00 and authorizing the City Manager or designee to execute related documents.

### EXECUTIVE SUMMARY

On July 25, 2023, the City Council held a public hearing to receive public comment on the use of approximately \$600,000 in Community Development Block Grant (CDBG) program income. Upon conclusion of the public hearing, the City Council authorized staff to use the \$600,000 for new restrooms and other improvements at Rose Ann Vuich Park. Staff is now expecting to have an additional \$400,000 in program income available. Resolution No. 2024-11 authorizes staff to submit a funding application for up to \$1,000,000 as required by federal regulations.

### OUTSTANDING ISSUES

None.

### DISCUSSION

The City of Dinuba has successfully received Community Development Block Grant (CDBG) funds for the Downpayment Assistance Program and the Housing Rehabilitation Program. Both of these programs provide loans that are required to be repaid if the properties are sold or transferred during the terms of the loans.

The repaid funds are considered "program income" and can be reallocated to fund other CDBG-eligible programs or projects in the community. The City Council must conduct a public hearing to provide an opportunity for the public to provide input and

offer suggestions on how the money should be allocated. Following the public hearing, the City Council must adopt a and submit a resolution authorizing staff to allocate the funds for the selected program or activity.

On July 25, 2023, the City Council held a public hearing to consider allocating up to \$600,000 in program income. The City Council subsequently authorized staff to use these funds for new public restrooms and other improvements at Rose Ann Vuich Park such as, but not limited, to picnic pavilion, and completion of Grolsch sister-city commutative area. Since this public hearing, staff expects to have an additional \$400,000 in program income available for use on a community project.

The City Council is required to hold a public hearing and receive public input on what program or project the additional program income should be spent on. Again, these funds can be earmarked to fund the Rose Ann Vuich Park improvements. Vuich Park is a great asset and is home to various large community events throughout the year. The new restrooms and pavilion would go a long way to improve the park and provide the needed amenities during these events.

Staff is recommending that the City Council adopt Resolution No. 2023-24 authorizing the use of up to \$1,000,000 in CDBG program income for the Rose Ann Vuich Park Improvements Project. A copy of the resolution is enclosed herein as Attachment 'A'.

## **FISCAL IMPACT**

The cost to prepare and submit this application is \$2,500; this expense will be funded by local funds.

## **PUBLIC HEARING**

A public hearing notice was published in the Mid-Valley Times on February 1, 2024.

**Subject:** Annual Comprehensive Financial Report (ACFR) for Fiscal Year 2022-23 (KS)

### RECOMMENDATION

Council to receive and accept the City of Dinuba's Annual Comprehensive Financial Report (ACFR) for the year ended June 30, 2023.

### EXECUTIVE SUMMARY

The city retained Badawi and Associates to conduct an independent audit report of the Annual Comprehensive Financial Report (ACFR) for fiscal year 2022/2023. Ahmed Badawi, CPA, the President of Badawi and Associates will be presenting the audit report for review and acceptance by the City Council.

### OUTSTANDING ISSUES

None.

### DISCUSSION

The attached 2022/2023 fiscal year Annual Comprehensive Financial Report represents the City's financial, operational and current economic condition for the fiscal year ending June 30, 2023. The City's financial statements for this period have been audited by Badawi and Associates, the City's independent audit firm. The independent Auditors Report has been incorporated into the ACFR document. This item is presented to City Council each year for review and acceptance.

State law requires the City of Dinuba to prepare a complete set of audited financial statements. The attached 2022/2023 ACFR fulfills this requirement.

The Finance Department completed the Annual Comprehensive Financial Report (ACFR) for Fiscal Year 2022/2023. The ACFR is a thorough and detailed presentation of the city's financial condition for a given fiscal year that is in

compliance with the accounting requirements established by the Governmental Accounting Standards Board (GASB). The ACFR was audited by Badawi and Associates an independent auditor using generally accepted government auditing standards.

The ACFR consists of three sections: Introductory, Financial and Statistical. The Introductory section orients and guides the reader through the report. The Financial section presents the entity's basic financial statements as well as notes to the statements and the independent auditors' report. The Statistical section provides additional financial and statistical data, including data about financial trends that may better inform the reader about the government's activities. A copy of the audited Annual Comprehensive Financial Report for Fiscal Year 2022/2023 is enclosed as Attachment 'A'.

In summary, the Independent Auditor's Report reflects a clean audit of the city's financial statements for fiscal 2022/2023.

February 9, 2024

To the Honorable Mayor, City Council and Citizens of the City of Dinuba:

The Annual Comprehensive Financial Report (ACFR) of the City of Dinuba, for the fiscal year ended June 30, 2023, is hereby submitted as mandated by both local ordinances and state statutes. These ordinances and statutes require that the City of Dinuba issue annually a report on its financial position and activity, and that an independent firm of certified public accountants audit this report. The accounting firm of Badawi and Associates of Berkeley, California, was retained by the City to perform the audit of financial records for the fiscal year ended June 30, 2023. The audit was designed to meet the requirements of the federal Single Audit Act of 1984, as amended and related OMB Circular A-133. The auditors report on the fair presentation of the financial statements, the internal controls, and compliance with legal requirements and have issued an unmodified ("clean") opinion on Dinuba's financial statements.

Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with management. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner that presents fairly the financial position and results of operations of the various funds and component units of the City. All disclosures necessary to enable the reader to gain an understanding of the City's activities have been included.

Management's discussion and analysis (MD&A) follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

#### **Government Profile**

The financial reporting entity (the government) includes all the funds of the primary government (i.e., the City of Dinuba as legally defined), as well as all of its component units. Component units are legally separate entities for which the primary government is financially accountable. Blended component units, although legally separate entities, are, in substance, part of the primary government's operations and are included as part of the primary government; the Dinuba Financing Authority qualifies as a blended component unit in this regard. City Council members serve as the governing board of the Authority, and the City Manager serves as the Executive Director of the Authority.

The City of Dinuba is situated in the northern part of Tulare County, near the Fresno County line. Roughly, 180 miles north of Los Angeles and 200 miles south of San Francisco, the City lies in the heart of California's agriculturally rich San Joaquin Valley, near the Sierra Nevada Mountain Range.

#### **FINANCE AND COMMUNITY SERVICES**

Dinuba was established in 1888 with the coming of the railroad and was incorporated in 1906. Because of Dinuba's rich agricultural area, it grew quickly into a thriving community as people from outlying areas moved closer to the railroad shipping area. Since its founding, Dinuba has had consistent growth, increasing from 970 persons in 1910 to a 2023 population of 25,467 among the eight incorporated cities of Tulare County, Dinuba ranks fourth in population.

The City, until 1994, operated under the General Laws of the State of California. The voters adopted the City Charter on June 4, 1994, and by the Secretary of State on July 7, 1994. The Charter gives the City government greater latitude in carrying out its operations and enables the City to operate more efficiently.

Springtime in Dinuba is filled with the fragrance of blossoms from the surrounding orchards. Dinuba's warm summer days bring forth the abundance of produce that keeps the packinghouses and shippers busy during the summer months. Mild temperatures year-round enhance the dairy industry in the surrounding area as well.

The Dinuba area is one of the San Joaquin Valley's most productive agricultural spots. The variety of crops includes cotton, nuts, vegetables, and fruits, such as grapes, raisins, plums, peaches, nectarines, and citrus. Raisins are a major product in the Dinuba area, where 40 percent of the world's raisins are grown and dried, a total of approximately 300,000 tons annually. Table grapes and wine are also major products. The City of Dinuba is in Tulare County; a table in the Statistical Section lists the major crops raised in Tulare County and the gross value of the crops in the previous calendar year.

Although agriculture is Dinuba's predominant activity, the community has had a modest commercial and industrial base for many years. Dinuba is home to the headquarters of Ruiz Food Products, Incorporated, which prepares frozen Mexican foods and distributes them worldwide. It is also home to the West Coast Distribution Facility for Best Buy, Inc. and Patterson Logistics, Inc. This concentration of employers attracts more residents, which in turn draws additional commercial businesses. This has been evidenced through continued strength of the building sector in Dinuba. Because of its unparalleled agricultural base and its expanding industrial site, Dinuba is a community with a progressive and diverse economy.

The City has a Council-Manager form of government. There are five Council members who serve overlapping terms of four years and the Council in turn elects one of the Council members to serve as the Mayor for a term of two years. The Council engages a City Manager and a City Attorney. The Manager is the chief executive officer of the City, and it is the City Manager's responsibility to hire department managers for each of the City functions. Such person also proposes the annual budgets, coordinates and oversees all activities of the organization, and implements the policies, budgets, and laws adopted by the City Council. The Dinuba Redevelopment Agency was created on June 12, 1984, by an Ordinance of the City Council, pursuant to the California Community Redevelopment Law. With the dissolution of redevelopment agencies by the state, Tulare County Oversight Board has assumed the role of the board to the Successor Agency of the City of Dinuba.

### **Local Economy**

The economic climate in Dinuba is stabilizing after the pandemic. Over the past 5 years, sales tax from the top 10 non-online businesses grew from approximately \$1.7 million to a high of \$2.1 million in 2022. In the past year, a small decline of 3% is indicating a change in the overall economic climate which focuses in particular in decreases to retail, auto sales and construction.

For the past five years, the online sales tax revenue had been the largest source of revenues for the City of Dinuba's general fund. In September 2023, the California Department of Tax and Fee Administration (CDTFA) completed an audit of the online sales tax and informed the City of the intent to change the allocation of online sales tax which would result in a substantial reduction of sales tax to the City.

Aside from the reallocation going forward, the CDTFA has also indicated that they intend to 'claw back' what they have deemed appropriate back to January 2021. The Management Discussion and Analysis (MD&A) and financials represent the City's efforts to prudently set aside the money that is in question, in the event that the CDTFA's decision is upheld. However, the City strongly disagrees with the decision and has submitted an appeal of the determination.

In the 2022-2023 fiscal year the City of Dinuba's Public Works Department issued a total of 925 building permits. A total of 687 of those permits were residential and 238 were for commercial projects. The total valuation for all permits issued was \$30,513,870. There are currently two residential developments that are being built in Dinuba. These include developments that are below market, market, and above market. There are several other residential developments that are working their way through the development process.

Property values saw a slight uptick in fiscal year 2022-2023. The continued growth in new residential and commercial permits is anticipated to continue to reflect in the assessed values going forward and will be apparent in the property tax rolls in future years.

#### *Current Major Initiatives.*

During fiscal year 2022-2023 the City's Public Works Department completed several capital improvements projects. They include:

- **Stony Creek Development.** The project consisted of the installation and construction of various essential components. These include domestic water, sanitary sewer, storm drains, curbs, gutters, sidewalks, street construction (including signage and markings), landscape, irrigation, and street lighting.
- **Alta Avenue and Nebraska Avenue Roundabout.** The completion of this project has improved traffic control, air quality, and pedestrian safety. The project consisted of constructing a single-lane roundabout, which included a reconstructed pavement section, curb, and gutter, curb ramps, sidewalk, median islands, landscape and irrigation, master-planned storm drain facilities, and other improvements. SB-1, Measure R, CMAQ, and local funds funded this project.
- **El Monte Way Sewer Main Replacement Project.** The project consisted of an investigation of the 12-inch Sewer line in El Monte Way between Lillie Avenue and Alice Avenue, which determined that about 300 feet of the main sewer line needed to be replaced. This project was awarded to Agee Construction Corporation and completed on December 16, 2022. This project was fully funded with ARPA.
- **Serra Village Phase 2.** The City collaborated with Self-Help Enterprises for a \$3.0 million Permanent Local Housing Allocation grant to complete this project, which consists of 64 units. Nine of these units will be set aside for individuals and families experiencing or at risk of homelessness. The completion of this Project provides affordable housing opportunities.

- College Ave Streetlights Project. The completion of this project significantly enhances pedestrian and vehicular visibility around the railroad crossing. The project, which was 100% funded by the Federal Highway Administration, consisted of the installation of four streetlights near existing crosswalks at the intersections of:
  - College Avenue and M Street
  - College Avenue and Golden Way
  - College Avenue and Uruapan Way
  - College Avenue and San Joaquin Valley Railroad (SJVRR) Crossing.
- Rd 74 Street Improvements Project. The project consisted of the reconstruction of the pavement structural section and aggregate base shoulders from Sierra Way to Kamm Avenue on Road 74. This Project was fully funded by ARPA.

## **Financial Information**

City management is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. This should provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation costs and benefits require estimates and judgments by management.

As a recipient of federal, state, and local financial assistance, the City also is responsible for ensuring that an adequate internal control structure is in place to ensure and document compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management.

The City maintains budgetary controls with the objective of ensuring compliance with legal provision embodied in the annual appropriated budget approved by the City Council. Activities of most funds are included in the annual appropriated budget and both revenues and expenses are categorized into either recurring or one-time. Project-length financial plans are adopted for long-term capital projects in a five-year Capital Improvement Plan. As a component of capital projects, future operating costs are analyzed, projected, and incorporated into future budget forecasts.

Budgets are prepared for the individual departments within specific funds as management control devices, but the level of budgetary control (i.e., the level at which expenditures cannot legally exceed the appropriated amount) remains at the fund level. The City also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts lapse at year-end. However, encumbrances outstanding at the year-end are generally re-appropriated as part of the following year's budget.

As demonstrated by the statements and schedules included in the financial section of this report, the City of Dinuba continues to meet its responsibility for sound financial management. For further analysis of the City's financial position, please refer to the Management Discussion and Analysis report in the Financial Section.

## **Awards**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Dinuba for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2022. This was the

thirtieth consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

### **Acknowledgements**

The preparation, cooperation, and assistance of the Finance Department and the auditing firm of Badawi and Associates is greatly appreciated in the publication of this document. The preparation of the annual comprehensive financial report on a timely basis was made possible by the dedicated service of the entire finance staff. We also thank the Dinuba City Council for their dedicated service in guiding and directing the management of the City of Dinuba.

## INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council  
of the City of Dinuba  
Dinuba, California

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Dinuba (City), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

The City's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison schedules for the General Fund and major special revenue funds, and required pension and other post-employment benefit information on pages 5-18 and 101-110, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management

about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

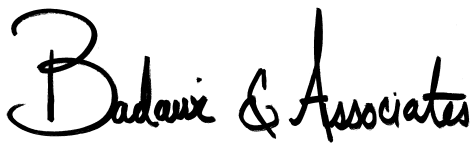

### *Other Information*

Management is responsible for the other information annual reports. The other information comprises the introductory section and statistical section but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

To the Honorable Mayor and Members  
of the City Council of the City of Dinuba  
Dinuba, California

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated February 9, 2024 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

### **Basic Financial Statements**

The Basic Financial Statements consist of the City-wide Financial Statements and the Fund Financial Statements. These two sets of financial statements provide a short-term view as well as a long-term view.

The City-wide Financial Statements are designed to provide a broad overview of all of the City's finances taken as a whole, using a long-term view, in a manner similar to private-sector businesses. The City-wide Financial Statements consist of the Statement of Net Position and the Statement of Activities.

The **Statement of Net Position** provides information about the financial position of the City as a whole, including all of its capital assets, liabilities and long-term liabilities with the difference between the two reported as net position. The full accrual basis of accounting is used, thus the flow of all economic resources are measured.

The **Statement of Activities** presents financial information reporting how the City's net position changed during the fiscal year by listing the revenues and expenses of each of the City's major activities. The full accrual basis of accounting is also used, thereby all changes to net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus revenues and expenses are reported in this statement for some items that will result in cash flows in a future fiscal period.

The fund financial statements report the City's operations in more detail than the City-wide statement and focus primarily on the short-term activities of the City's General Fund and other Major Funds. The Fund Financial Statements measure only current revenues and expenditures, current, assets, liabilities and fund balances; they exclude capital assets, long-term debt and other long-term amounts.

### *City-wide Financial Statements*

All of the City's activities are grouped into either Governmental Activities or into Business-type Activities. Governmental Activities are those functions that are principally supported by taxes or by specific governmental program revenues such as developer fees. Business Activities are those services supported by charges paid by direct users of the service such as Disposal collection.

City-wide financial statements are prepared on the accrual basis, which means they measure the flow of all economic resources of the City as a whole.

### *Fund Financial Statements*

The fund financial statements are designed to report information about related accounts that have been segregated for specific activities or objectives. The City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the City's funds are divided into three categories: governmental funds, proprietary funds and fiduciary funds.

The Fund Financial Statements provide detailed information about each of the City's most significant funds called Major Funds. Major Funds account for the major financial activities of the City and are presented individually, while the activities of the Non-major funds are presented in summary as Other Governmental Funds. Subordinate schedules of the Non-major funds present detailed financial information of the City's smaller funds.

## Governmental Funds

Most of the City's basic services are reported in governmental funds. These funds focus on reporting the flow of money into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become measurable and available). "Measurable" means that the amount of the transaction can be determined and "available" means that it is collectible within the current period or soon enough thereafter to be used.

The governmental fund financial statements provide a detailed short-term view of the City's general government operations and the basic services provided. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The differences between the Governmental Fund Financial Statements and the Government-Wide Financial Statements are explained in a reconciliation following the Governmental Funds' Financial Statements.

## Proprietary Funds

When the City charges customers for services - whether to outside customers or to programs of the City - these services are generally reported in proprietary funds. Proprietary funds are reported in the same way in that all activities are reported in the Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Fund Net Position. The City's enterprise funds are the same as the business-type activities reported in the Government-Wide Financial Statements, but provide more detail and additional information, such as cash flows for each enterprise fund. The City also uses internal service funds to report activities that provide supplies and services for the City's internal program and activities, such as the City's self-insurance.

## Fiduciary Funds

The City is the trustee, or fiduciary, for certain funds established to account for assets held by the City in a trustee capacity, or as an agent for individuals, private organizations, and other governmental units. The City's fiduciary activities are reported in separate Statements of Fiduciary Net Position. These activities are excluded from the City's Government-Wide Financial Statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their specified purposes.

## Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statement can be found following the fund financial statements in this report.

## **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

The net position and changes in net position of the City's Governmental Activities (Tables 1 and 2) and Business-Type Activities (Tables 3 and 4) are presented in the City-wide Statement of Net Position and Statement of Activities.

### *Net Position*

As shown in Table 1, the City's governmental Total Net Position is \$215.7 million. During fiscal year 2023, the overall net position increased by \$6 million, or 3%. During fiscal year 2015, the City implemented GASB 68 & 71, which required the recording of net pension liability and pension related deferred inflows and outflows.

The largest portion of the City's net position, approximately \$194 million, reflects its investment in capital assets (e.g., land, buildings, improvements other than buildings, equipment, infrastructure, and construction in progress); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves rarely are used to liquidate these liabilities.

Resources that are subject to restriction that may only be used to construct specified capital projects, debt service or other special revenue programs represent 20.4 % of the City's Governmental Net Position. These are external restrictions and cannot be changed by the City.

Unrestricted net position can be used to finance day-to-day operation without constraints. Due to the restrictions mentioned and the implementation GASB 68 & 71, the unrestricted net position was (\$22.5) million at year end.

#### *Changes in Net Position*

The Statement of Activities provides information regarding the entirety of the City's governmental revenues and expenses. The Statement describes in detail the changes in net position from the previous year.

The City's Governmental Net Position increased by \$6 million in fiscal year 2023. Revenues decreased \$16.8 million and expenses increased by \$6.1 million. The decrease in revenues is primarily due to a change in the way online sales tax is recorded and Miscellaneous, which was one-time revenues in 2021-2022. The increases in expenses are also attributed to the sales tax revenue.

The largest source of revenue had historically been Sales tax revenue, however, the California Department of Tax and Fee Administration (CDTFA) has conducted an audit of the City of Dinuba's allocation of sales tax, particularly with the online sales tax. In September 2023, the CDTFA communicated to the City of Dinuba that they intend to change the allocation of online sales tax, which would result in a substantial reduction of sales tax to the City. The CDTFA has further indicated that they intend to 'claw back' what they have deemed appropriate back to January 2021. The City disagrees with the CDTFA's determination and is appealing the decision. In the meantime, City staff has set the money in question into a liability account, pending the final determination of the CDTFA.

In the following financial document, the sales tax amount that is being questioned by the CDTFA has been recorded in a liability account for the fiscal year 2022-2023 by reducing the revenue received in sales tax. For the amount that precedes the 2022-2023 fiscal year, the amount in question has been recorded as a prior period expense and has also been recorded in the liability account. Going forward, the City will continue to record the amount in question as a liability.

### Business Type Activities

The statement of Business-Type Net Position (Table 3) and statement of Business-Type Activities (Table 4) are presented below.

#### *Net Position*

The business-type activities of the City showed an increase of \$3 million in total assets. Of the total business type net position, 87% was net investment in capital assets and 13% was unrestricted, which is available for future operations.

#### *Changes in Net Position*

As shown in Table 4, net revenues for business-type activities were \$20.6 million in fiscal year 2023, an increase of \$3.1 million over the prior year. The increase was primarily attributable to funding for Capital projects from grants and operating contributions.

Expenses for business-type activities increased by \$2.5 million compared to the previous fiscal year. The increase in expenses are attributed to the Golf, Sewer, and Ambulance with the largest increase being in Ambulance.

The increase in expenses in both Golf and Sewer is due to capital expenses and projects. The increase of expenses in Ambulance is due to the restructuring of salaries of the personnel to more accurately represent the fact that the majority of calls are for EMS/Medical services..

## FINANCIAL ANALYSIS OF CITY'S MAJOR FUNDS

Table 5 summarizes the Governmental balances at the fund level.

Total Expenditures	41,829	31,835	9,994
Total Other Financing Sources (Uses)	(197)	494	(691)

### General Fund

The General Fund accounts for all financial resources traditionally associated with government activities that are not accounted for reported in another fund.

Fund balance in the General Fund decreased by 47.9% to end the fiscal year at a balance of \$12 million. The decrease was due primarily to the transition of a portion of the sales tax revenues to a liability account pending the final determination from the CDTFA.

The final budget amount for General Fund expenditures totaled \$19.3 million excluding transfers out. In comparison, actual expenditures excluding transfers out totaled \$27.3 million. The variance in expenditures was \$8.1 million, which was largely due to the recording of prior year sales tax revenues into a liability account. The purpose of setting this money aside is for the aforementioned CDTFA audit. Total revenues were budgeted at \$23 million; actual revenues in the General Fund were \$20 million with a variance of \$3 million, which is due to the current year sales tax revenue recording in the liability account pending the final determination from the CDTFA.

### Other Major Funds

#### *HUD Grants*

The fund accounts for the Community Development Block Grants (CDBG) and Home Investment Partnership Program (HOME). The fund's assets include \$24.3 million in notes and loans receivable. The loans are offset by deferred inflows as the loans are not expected to be repaid within the next year. The notes and loans receivable are for housing acquisition assistance and housing rehabilitation.

#### ***Transportation Construction:***

Revenue in the Transportation Construction fund came to \$1.2 million. The revenue is primarily composed of intergovernmental revenues originating with the Tulare County Association of Governments.

***Other Governmental Funds:***

These funds (referred to as Non-major Funds) are not presented separately in the Basic Financial Statements, but are individually presented in Supplementary Information. Combined they received \$8.9 million in revenue and have a combined Fund Balance at year-end of \$17.8 million.

***Business-Type Funds***

The business-type funds account for operations that are financed and operated in a manner similar to private business enterprises, wherein the cost of goods and services to the general public are financed or recovered primarily through user charges.

***Water***

The net position in the water fund increased by \$0.3 million to \$15 million. The unrestricted portion of the net position totaled \$0.7 million.

***Sewer***

The sewer fund ended the year with a net position of \$17.5 million of which (\$0.5) million was unrestricted. Operating revenues exceeded operating expenses by just a little under \$0.5 million. The fund's net position increased by \$2.4 million.

***Disposal***

Operating revenues and expenses were virtually flat when compared to the previous fiscal year. The fund ended the year with a net position of \$1.8 million of which \$1.7 million was unrestricted.

***Ambulance***

In 2023, the City continued to participate in the Inter-governmental Transfer funding provided by the State. Revenue from the IGT transfer was \$4.2 million in 2023. As of June 30, 2023 the fund had net position of \$10.2 million.

***Golf Course***

Operating revenues decreased by \$0.2 million from the prior fiscal year. Operating expenses increased by \$1 million from the prior year due to several factors, including the purchase of one-time capital expenses and projects for the aging facility, which included the replacement of sand in the bunkers, a pump repair among other repairs and replacements. The net position of the Golf Course at the end of the fiscal year was \$15.4 million.

## CAPITAL ASSETS

A summary of the City's capital assets is shown below in Table 6. More detail regarding the assets can be found in Note 8 of the financial statements.

<b>Table 6</b> <b>Capital Assets Net of Accumulated Depreciation at June 30</b> <b>(in Thousands)</b>

Infrastructure	33,554	34,565	(1,011)
<b>Total</b>	<b>64,631</b>	<b>61,920</b>	<b>2,711</b>

The net increase of \$8 million for governmental activity assets is comprised of the Buildings, Improvements, Equipment and Machinery and Infrastructure that depreciated throughout the year.

The net increase of \$2.7 million for business-type activity assets is due to the construction in progress for several projects and large pieces of equipment that were not complete at the end of the fiscal year.

For Government-wide Financial Statements, capital asset purchases for governmental activities are capitalized and depreciated. In contrast, in the Fund Financial Statements capital asset purchases for governmental activities are recorded as expenditures. More information concerning the City's investment in capital assets is available in Note 8 in the Notes to Basic Financial Statements section later in this document.

## DEBT ADMINISTRATION

Each debt is discussed in more detail in Note 9 to the financial statements.

The City's total long-term debt decreased by \$2.3 million compared to the prior fiscal year. The decrease was primarily due to not acquiring new debt and making payments throughout the fiscal year.

The following table provides a breakdown of the City's outstanding indebtedness as of June 30, 2023:

## BUDGETING

The City's annual budget is the legally adopted expenditure control document of the City. Budgetary comparison statements are required for the General Fund and all major special revenue funds and may be found immediately following the Government-wide financial statements in this Financial Section of the ACFR. These statements compare the original adopted budget, the budget as amended throughout the fiscal year, and the actual expenditures for each fund, prepared on a budgetary basis. Budgets are prepared on the modified accrual basis of accounting consistent with GAAP, except that encumbrances are included in budgeted expenditures.

Appropriations lapse at fiscal year-end. The City Council generally reauthorizes appropriations for continuing projects and activities. The City Council has the legal authority to amend the budget of any fund at any time during the fiscal year. The budgetary legal level of control (the level on which expenditures may not legally exceed appropriations) is generally at the fund level. For budgeting purposes, the General Fund is composed of several departments while all other budgeted funds (special revenue funds included) are considered a single department. Budgeted expenditures may be reallocated within a division and between divisions within a department without City Council approval.

## **ECONOMIC OUTLOOK**

Based upon sales tax revenues, the local business climate has decreased slightly. Excluding revenues from the Internet Sales Tax, sales tax from the top 10 sources decreased by 3% from fiscal year 2022 to 2023. This decrease is attributed to the change in the overall economic climate which focuses in particular in decreases to retail, auto sales and construction.

As the economy stabilized from the impacts from the pandemic in early 2020, the unemployment rates had been decreasing steadily through June 2022, however, in 2023, there was an increase of 2.1% for a total unemployment rate of 9.6% for 2023.

The construction of new homes remains at a steady pace, there were 54 permits issued in 2022 for single-family residential homes and 54 in 2023 permits issued for single-family residential homes.

## Reconciliation of the Governmental Funds Balance Sheet to the Government-Wide Statement of Net Position June 30, 2023

**Total Fund Balances - Total Governmental Funds** \$ 55,500,088

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities were not current financial resources. Therefore, they were not reported in the Governmental Funds Balance Sheet. Except for the internal service funds reported below, the capital assets were adjusted as follows:

	Government- Wide Statement of Net Position	Internal Service Funds	Total
Nondepreciable	\$ 127,248,093	\$ -	127,248,093
Depreciable, net	87,271,540	(56,317)	87,215,223
Total capital assets	\$ 214,519,633	\$ (56,317)	214,463,316

Internal service funds were used by management to charge the costs of certain activities, such as insurance, to individual funds. The assets and liabilities of the Internal service funds were included in governmental activities in the Government-Wide Statement of Net Position.

2,231,402

Unavailable revenues recorded in the fund financial statements resulting from activities in which revenues were earned but were not available are reclassified as revenues in the Government-Wide Financial Statements.

455,498

In the Government-Wide Financial Statements, deferred employer contributions for pension and OPEB, certain differences between actuarial estimates and actual results, and other adjustments resulting from changes in assumptions and benefits are deferred in the current year.

## Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Government-Wide Statement of Activities For the year ended June 30, 2023

<b>Net Change in Fund Balances - Total Governmental Funds</b>	<b>\$ (8,900,032)</b>
---	-----------------------

Amounts reported for governmental activities in the Government-Wide Statement of Activities were different because:

Governmental funds reported capital outlay as expenditures. However, in the Government-Wide Statement of Activities, the cost of those assets was allocated over their estimated lives as depreciation expense. This was the amount of capital assets recorded in the current period, net of the amount related to internal service funds.	8,512,918
--	-----------

Depreciation expense on capital assets was reported in the Government-Wide Statement of Activities, but did not require the use of current financial resources. Therefore, depreciation expense was not reported as expenditures in the governmental funds, net of the amount related to internal service funds.	(3,883,755)
--	-------------

Proceeds from sale of property	(1,351,526)
--------------------------------	-------------

Accrued compensated leave payments were reported as expenditures in the governmental funds, however expense is recognized in the Government-Wide Statement of Activities based on earned leave accruals.	47,395
--	--------

Debt proceeds provide current financial resources to governmental funds, but issuing debt increased long-term liabilities in the Government-Wide Statement of Net Position. Repayment of debt was an expenditure in governmental funds, but the repayment reduced long-term liabilities in the Government-Wide Statement of Net Position.

Long-term debt repayments	1,434,858
Issuance of long-term debt	(352,040)
Amortization of prepaid bond insurance	
Amortization of deferred charges	(49,931)
Amortization of bonds premium (discount), net	(3,692)

Net change in accrued interest payable	74,014
--	--------

Current year employer OPEB contributions are recorded as expenditures in the governmental funds, however, these amounts are reported as a deferred outflow of resources in the Government-Wide Statement of Net Position. OPEB expense is reported in the Government-Wide Statement of Activities does not require the use of current financial resources, and therefore is not reported as expenditures in governmental funds. This amount represents the net effect of expense and contribution	420,059
---	---------

Current year employer pension contributions are recorded as expenditures in the governmental funds, however, these amounts are reported as a deferred outflow of resources in the Government-Wide Statement of Net Position. Pension expense is reported in the Government-Wide Statement of Activities does not require the use of current financial resources, and therefore is not reported as expenditures in governmental funds. This amount represents the net effect of expense and contribution	1,257,551
---	-----------

Unavailable revenues recorded in the fund financial statements resulting from activities in which revenues were earned but were not available are reclassified as revenues in the Government-Wide Financial Statements.	29,512
---	--------

Internal service funds were used by management to charge the costs of certain activities, such as insurance and fleet management, to individual funds. The net revenue of the internal service funds was reported with governmental activities.	881,510

**City of Dinuba**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the City of Dinuba (City) have been prepared in conformity with accounting principles generally accepted in the United States of America (USGMP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

**A. *Reporting Entity***

The City of Dinuba is a political subdivision provided for by the General Law of the State of California and, as such, can exercise the powers specified by the Constitution and laws of the State of California. The City was incorporated in 1906 as a general law city. On June 4, 1994, the voters of the City approved a Charter which gives the City Council greater self-rule, and the Charter was accepted by the Secretary of State on July 7, 1994. The City operates under a council-manager form of government.

The City of Dinuba is a municipal corporation governed by an elected five-member City Council who, in turn, elects one of its members to serve as the Mayor. As required by accounting principles generally accepted in the United States of America, these financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government's operations and so data from these units are combined with data of the City. The blended component units have a June 30 fiscal year end to coincide with the City's.

**Blended Component Unit**

In addition, in May 1994, the Dinuba Financing Authority (Authority) was formed in order to provide a funding vehicle for necessary street improvements within the City. The governing board of the Dinuba Financing Authority is the City Council, and the City Manager acts as Executive Director. A separate financial report is not being issued for the Dinuba Financing Authority. The activity of the Authority is reported in the Financing Authority Debt Service Fund of the City.

**B. *Government-Wide and Fund Financial Statements***

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital

requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

***C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation***

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds financial statements. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the fiscal year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

In the Fund Financial Statements, fiduciary funds are presented using the accrual basis of accounting. The private-purpose trust funds and custodial funds use the economic resources measurement focus.

Governmental funds financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when the liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following major governmental funds:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in other funds.

**HUD Grants Fund** - This fund accounts for certain designated projects paid for the HUD Grant Federal program monies received from the State, along with repayments of loans.

***C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation, Continued***

**ARPA Fund** - This fund is used for account for activities funded by the American Rescue Plan Act (ARPA) funds.

**Transportation Construction Fund** - This fund accounts for other major street construction projects.

The City reports the following major proprietary funds:

**The Water Enterprise Fund** - This fund accounts for the operation and maintenance of the City's water distribution system.

**The Sewer Enterprise Fund** - This fund accounts for the operation and maintenance of the City's wastewater collection system including operating costs of the wastewater treatment facility.

**The Golf Course Fund** - This fund accounts for the operation and maintenance of the City's golf course.

**The Disposal Enterprise Fund** - This fund accounts for the collection and disposal of solid waste from industrial, commercial, and residential users throughout the Dinuba area.

**The Ambulance Enterprise Fund** - This fund accounts for ambulance service fees and all costs associated with providing ambulance service throughout the City.

Additionally, the City reports the following fund types:

The Debt Service Funds are used to account for financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

The Internal Service Funds account for financial transactions related to the City's billing and collections, maintenance and repairs, self-insurance programs and technology replacement. These services are provided to other departments or agencies of the City on a cost reimbursement basis.

The Fiduciary Funds are used to report resources held by the City in a purely custodial capacity, which involves only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments. These funds are not included in the government-wide financial statements. The Private-Purpose Trust Funds are used to account for the assets of the former City of Dinuba Redevelopment Agency during the wind down period.

As a general rule, the effect of interfund activity has been eliminated from the governmentwide financial statements. Exceptions to this general rule are charges between the government's proprietary funds function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Enterprise Funds and of the Internal Service Fund are charges to customers for sales and services.

***C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation, Continued***

Operating expenses for the Enterprises Funds and the Internal Service Funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

***D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, Net Position or Equity***

**Cash and Investments**

In order to maximize the flexibility of its investment program and to aid in cash budgeting, the City pools the cash of all funds, except for monies deposited with fiscal agents in accordance with related bond indentures. The cash and investments balance in each fund represent that fund's equity share of the City's cash and investment pool. As the City places no restrictions on the deposit or withdrawal of a particular fund's equity in the pool, the pool operates like a demand deposit account for the participating funds.

Interest income earned on pooled cash and investments is allocated monthly to the various funds based on month-end balances and is adjusted at fiscal year-end. Interest income on restricted cash and investments with fiscal agents is credited directly to the related fund.

In accordance with the State of California Government Code, the City adopts an investment policy annually that, among other things, authorizes types and concentrations of investments and maximum investment terms.

The City's investments are carried at fair value. The fair value of equity and debt securities is determined based on sales prices or bid-and-asked quotations from SEC- registered securities exchanges or NASDAQ dealers. LAIF determines the fair value of its portfolio quarterly and reports a factor to the City; the City applies that factor to convert its share of LAIF from amortized cost to fair value. Changes in fair value are allocated to each participating fund.

For purposes of the statement of cash flows, the City has defined cash and cash equivalents to be change and petty cash funds, equity in the City's cash and investment pool, and restricted non-pooled investments with initial maturities of three months or less.

**Property Taxes**

Assessed values for purposes of property taxes are determined on an annual basis for the period July 1 to June 30 by the Tulare County Assessor as of January 1. Taxes are levied annually on July 1 and become a lien on real property at January 1. Taxes are due November 1 and February 1 and are delinquent if not paid by December 10 and April 10, respectively, at which time applicable penalties and interest are assessed. Unsecured taxes became delinquent if not paid by August 31.

***D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, Net Position or Equity, Continued***

**Prepaid Items**

Payments to vendors that reflect costs applicable to future accounting periods are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

**Restricted Assets**

Certain proceeds of the City's long-term debt, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because they are maintained in separate bank accounts and their use is limited by applicable bond covenants.

In the absence of specific statutory provisions governing the issuance of bonds, certificates, or leases, these bond monies may be invested in accordance with the ordinance; resolutions and indentures specifying the types of investments its trustees or fiscal agents may make. These ordinances, resolutions, and indentures are generally more restrictive than the City's general investment policy. In no instance have additional types of investments been authorized that are not permitted by the City's general investment policy.

**Capital Assets**

Capital assets, which include property, plant, equipment, fine art, and infrastructure assets (e.g., roads, bridges, sidewalks, traffic lights and signals, streetlights, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of \$2,500 or more and an estimated useful life in excess of one year. Such capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital asset, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value. The cost of normal maintenance and repairs that do not add to the value of the capital asset or materially extend capital asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business- type activities is included as part of the capitalized value of the assets constructed. No interest was capitalized during the fiscal year ended June 30, 2023.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued**

***D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, Net Position or Equity, Continued***

Capital assets of the City are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	30
Improvements other than buildings	30
Infrastructure	20 to 40
Utility systems	40 to 75
Vehicles	5 to 15
Computer equipment	7

The City's art collection is not depreciated. Periodic restoration and maintenance costs on particular items are charged to expense as incurred.

**Compensated Absences**

It is the City's policy to permit employees to accumulate earned but unused vacation and sick leave benefits. All vacation and sick leave benefits are accrued as earned by employees. A portion of unused sick leave benefits, varying by employee bargaining unit, vests and is payable upon retirement. For proprietary funds, a current liability is reported for that portion of the estimated value of vacation and sick leave benefits to be used during the subsequent fiscal year, and the estimated value of vested sick leave benefits of employees approaching or at their respective retirement ages.

**Long-Term Obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Initial-issue bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method (which approximates the effective interest method). The difference between the reacquisition price of refunding bonds and the net carrying amount of refunded debt (deferred amount on refunding) is amortized over the shorter of the life of the refunding debt or remaining life of the refunded debt. Amortization of bond premiums or discounts, and deferred amounts on refunding is included in interest expense.

In the fund financial statements, governmental fund types recognize bond premiums, discounts, and issuance costs during the period issued. The face amount of debt issued is reported as other financing sources. Premiums received are reported as other financing sources, while discounts are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued**

***D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, Net Position or Equity, Continued***

**Net Pension Liability**

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position and additions to/ deductions from the fiduciary net position have been determined on the same basis as they are reported by the CalPERS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value. CalPERS audited financial statements are publicly available reports that can be obtained at CalPERS' website under Forms and Publications.

**Other Post-Employment Benefits (OPEB)**

For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense have been determined by an independent actuary. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms.

Generally accepted accounting principles require that the reported results must pertain to liability information within certain defined timeframes. For this report, the following timeframes are used:

Valuation Date	June 30, 2021
Measurement Date	June 30, 2022
Measurement Period	June 1, 2021 to June 30, 2022

**Deferred Outflows and Inflows of Resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The City reports deferred charges on bond refunding's as well as deferred outflows relating to the net pension liability and total OPEB liability reported in the government-wide statement of net position for governmental and business-type activities.

In addition to liabilities, the statement of net position and governmental balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has four items that qualify for reporting in the category. The first item are deferred inflows relating to the net pension liability reported in the government-wide statement of net position for governmental and business-type activities. The second item relates to revenues earned, but not yet available for resources. The third item is deferred inflows relating to the total OPEB liability reported in the government-wide statement of net position for governmental and business-type activities. The fourth item is deferred inflows related to lease revenues that are recognized over the lease period.

***D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, Net Position or Equity, Continued***

**Interfund Transactions**

Interfund transactions are reflected as either loans, services provided, reimbursements, or transfers. Loans are reported as receivables and payables as appropriate, are subject to elimination upon consolidation and are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances". Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not available financial resources.

Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide presentation.

**Net Position and Fund Equity**

GASB Statement No. 63 requires that the difference between assets added to the deferred outflows of resources and liabilities added to the deferred inflows of resources be reported as net position. Net position is classified as either net investment in capital assets, restricted, or unrestricted.

Net position that is net investment in capital assets consist of capital assets, net of accumulated depreciation, and reduced by the outstanding principal of related debt.

Restricted net position is the portion of net position that has external constraints placed on it by creditors, grantors, contributors, laws, or regulations of other governments, or through constitutional provisions or enabling legislation. Unrestricted net position consists of net position that does not meet the definition of net investment in capital assets or restricted net position.

In the fund financial statements, governmental funds report fund balance as non-spendable, restricted, committed, assigned or unassigned based primarily on the extent to which the City is bound to honor constraints on how specific amounts can be spent.

- **Non-spendable fund balance** - amounts that cannot be spent because they are either (a) not spendable in form or (b) legally or contractually required to be maintained intact.
- **Restricted fund balance** - amounts with constraints placed on their use that are either (a) externally imposed by creditors, granters, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

***D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, Net Position or Equity, Continued***

- **Committed fund balance** - amounts that can only be used for specific purposes determined by formal action of the City Council which includes the City Charter, ordinances and resolutions and that remain binding unless removed in the same manner. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- **Assigned fund balance** - amounts that are constrained by the City's intent to be used for specific purposes but are neither restricted nor committed. Such intent should be expressed by the City Council or its designated officials to assign amounts to be used. Constraints imposed on the use of assigned amounts can be removed with no formal Council actions.
- **Unassigned fund balance** - the residual classification for the City's General Fund that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

The City Council establishes, modifies, or rescinds fund balance commitments and assignments by passage of a resolution or other formal action. This is done through adoption of the budget, subsequent budget amendments, resolution, or other formal actions when necessary that occur throughout the year.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, followed by unrestricted committed, assigned and unassigned resources as they are needed.

***E. Use of Estimates***

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

**2. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

**A. Deficit Fund Balances and Net Position**

The Assessment Districts Fund has a deficit fund balance of \$36,412 which should be alleviated as additional revenues or transfers are received.

The MTBE Fund has a deficit fund balance of \$41,230 which should be alleviated as additional revenues or transfers are received.

The Property and Equipment Internal Service Fund has a deficit net position of \$586,440 and the Technology Fund has a deficit net position of \$13,291. These deficits should be alleviated as additional revenues are received by City departments.

**3. CASH AND INVESTMENTS**

Cash and investments as of June 30, 2023, are classified in the accompanying financial statements as follows:

Statement of net position:	
Cash and investments	\$ 60,474,162
Restricted cash and investments with fiscal agents	1,848,571
Fiduciary funds:	
Cash and investments	2,194,614
Restricted cash and investments with fiscal agents	107,931
	<u>\$ 64,625,278</u>

Cash and investments as of June 30, 2023, consist of the following:

Cash on hand	\$ 8,370
Deposits with financial institutions	10,815,425
Investments	53,801,483

**3. CASH AND INVESTMENTS, Continued**

**A. Investments Authorized by the California Government Code and the City's Investment Policy**

The table below identifies the investment types that are authorized for the City of Dinuba (City) by the California Government Code (or the City's investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the City's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustee that are governed by the provisions of debt agreements of the City, rather than the general provisions of the California government Code or the City's investment policy.

Authorized Investment Type	Maximum Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Investment Fund (State Pool)	N/A	None	\$50 million
U.S. Treasury Obligations	N/A	None	None
U.S. Government Agency Issues	N/A	None	None
Insured Passbook on Demand Deposits with Banks and Savings and Loans	N/A	None	100,000
Certificates of Deposit	5 years	None	100,000
Money Market Funds (must be comprised of eligible securities permitted under this policy)	N/A	None	None
Repurchase Agreements	1 year	None	None

The investment policy allows for the above investments which have equal safety and liquidity as all other allowed investments. Maturity depends on the cash needs of the City.

***B. Investments Authorized by Debt Agreements***

Investment of debt proceeds held by bond trustees are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the City's investment policy. The table below identifies the investment types that are authorized for investments held by bond trustee. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type	Maximum Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Investment Fund (State Pool)	N/A	None	\$50,000
U.S. Treasury Obligations	N/A	None	None
U.S. Government Agency Issues	N/A	None	None
Insured Passbook on Demand Deposits with Banks and Savings and Loans	N/A	None	100,000
Certificates of Deposit	5 years	None	100,000
Commercial Paper			
Mutual Funds (must be comprised of eligible securities permitted under this policy)			
Money Market Funds (must be comprised of eligible securities permitted under this policy)	N/A	None	None
Municipal Bonds (rated highest 2 categories)	N/A	None	None
Investment Agreements	N/A	None	None
Repurchase Agreements	1 year	None	None

The investment policy allows for the above investments which have equal safety and liquidity as all other allowed investments. Maturity depends on the cash needs of the City.

***C. Disclosures Relating to Interest Rate Risk***

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

**C. Disclosures Relating to Interest Rate Risk, Continued**

Information about the sensitivity of the fair values of the City's investments (including investments held by bond trustee) to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity:

Investment Type	Remaining Maturity (in Months)	
	Totals	12 Months or Less
State Investment Pool	\$ 28,522,698	\$ 28,522,698
Money Market Funds	23,430,214	23,430,214
Held by Bond Trustees:		
Money Market Funds	1,848,571	1,848,571
Total	<u>\$ 53,801,483</u>	<u>\$ 53,801,483</u>

**D. Investments with Fair Values Highly Sensitive to Interest Rate Fluctuations**

The City has no investments (including investments held by bond trustees) that are highly sensitive to interest rate fluctuations (to a greater degree than already indicated in the information provided above).

**E. Disclosures Relating to Credit Risk**

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code, the City's investment policy, or debt agreements, and the actual rating as of fiscal year end for each investment type.

Investment Type	Amount	Minimum Legal Rating	Rating as of Fiscal Year-end Not Rated
State Investment Pool	\$ 28,522,698	N/A	\$ 28,522,698
Money Market Funds	23,430,214	N/A	23,430,214
Held in Bond Trustees:			
Money Market Funds	1,848,571	N/A	1,848,571
Total	<u>\$ 53,801,483</u>		<u>\$ 53,801,483</u>

The investment policy of the City contains limitations on the amount that can be invested in any one issuer. There are no investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of total City investments.

**3. CASH AND INVESTMENTS, Continued**

***F. Custodial Credit Risk***

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments. The California Government Code requires that financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the government unit). The fair value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

As of June 30, 2023, all of the City's deposits with financial institutions in excess of federal depository insurance limits were held in collateralized accounts. As of June 30, 2023, City investments in the following investment types were held by the same broker-dealer (counterparty) that was used by the City to buy the securities:

<u>Investment Type</u>	<u>Reported Amount</u>
Money Market Funds	\$ 1,848,571

***G. Investment in State Investment Pool***

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

***H. Fair Value Measurements***

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. These principles recognize a three-tiered fair value hierarchy as follows: Level 1 - Investments reflect prices quoted in active markets; Level 2 - Investments reflect prices that are based on similar observable assets either directly or indirectly, which may include inputs in markets that are not considered active; and Level 3 - Investments reflect prices based upon unobservable sources. The City has marketable securities that are measured with recurring fair value measurements as of June 30, 2023 and are valued using quoted market prices (level 1 inputs).

**9. LONG-TERM LIABILITIES, Continued**

**A. Governmental Activities - Lease Revenue Bonds (Public Offerings)**

**2012 DFA Lease Revenue Bonds Payable** - On November 7, 2012, the Dinuba Financing Authority issued \$11,270,000 of 2012 Lease Revenue Refunding Bonds. The proceeds of the bonds were used to refund the 2002 Lease Revenue Bonds in the amount of \$6,430,000, refund the \$3,825,000 remaining balance of the 2010 Lease Revenue Notes issued by the Redevelopment Agency, fund a reserve account, and pay costs of issuance. The bonds consist of \$5,285,000 of serial bonds with maturity dates from September 1, 2014 through 2024. Interest rates vary between 2.0%-3.0% with semi-annual payments due each March 1 and September 1. There are also \$4,650,000 of term bonds due September 1, 2032 and \$1,335,000 term bonds due September 1, 2038, which carry interest rates of 3.75% and 4.00%, respectively.

The principal balance outstanding on the 2012 bonds as of June 30, 2023 was \$6,955,000. The refunding of the 2002 bonds resulted in a cash savings over the repayment period of \$690,097 and an economic gain of \$481,729. The refunding of the 2010 bonds resulted in a cash deficit of \$2,361,946 as the 2010 bonds were due in 2017 whereas the 2012 bonds are due through 2038.

**10. LEASES**

The City implemented GASB Statement No. 87 in the fiscal year ended June 30, 2022. The primary objective of this statement is to enhance the relevance and consistency of information about governments' leasing activities. This statement establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. For additional information, refer to the disclosures below.

**Leases Receivable and Deferred Inflows of Resources**

The City entered into a 60 month-lease as Lessor for the use of a building at 920 College Ave. An initial lease receivable was recorded in the amount of \$96,558. As of June 30, 2023, the value of the lease receivable is \$57,935. The lessee is required to make monthly fixed payments of \$1,609. The lease has no interest rate. The value of the deferred inflow of resources as of June 30, 2023 was \$57,935, and the City recognized lease revenue of \$19,312 during the fiscal year.

The City entered into a 21 month-lease as Lessor for the use of a building at 1390 E Elizabeth. An initial lease receivable was recorded in the amount of \$37,497. As of June 30, 2023, the value of the lease receivable is \$0. The lessee is required to make quarterly payments ranging from \$4,695 to \$4,930. The lease has an interest rate of 3.0%. The value of the deferred inflow of resources as of June 30, 2023 was \$0, and the City recognized lease revenue of \$18,748 during the fiscal year.

The City entered into a 22 month-lease as Lessor for the use of a building at 199 N L St. An initial lease receivable was recorded in the amount of \$612,336. As of June 30, 2023, the value of the lease receivable is \$0. The lessee is required to make monthly payments of \$28,571. The lease has an interest rate of 3.0%. The value of the deferred inflow of resources as of June 30, 2023 was \$0, and the City recognized lease revenue of \$278,334 during the fiscal year.

The City entered into a 95 month-lease as Lessor for the use of a building at 920 College Ave A. An initial lease receivable was recorded in the amount of \$36,987. As of June 30, 2023, the value of the lease receivable is \$29,294. The lessee is required to make monthly fixed payments of \$400. The lease has an interest rate of 3.0%. The value of the deferred inflow of resources as of June 30, 2023 was \$28,454, and the City recognized lease revenue of \$4,266 during the fiscal year.

The City entered into a 51 month-lease as Lessor for the use of land. An initial lease receivable was recorded in the amount of \$86,296. As of June 30, 2023, the value of the lease receivable is \$46,936. The lessee is required to make monthly fixed payments of \$1,800. The lease has an interest rate of 3.0%. The value of the deferred inflow of resources as of June 30, 2023 was \$45,686, and the City recognized lease revenue of \$20,305 during the fiscal year.

**11. PENSION PLAN**

**Plan Description**

All qualified permanent and probationary employees are eligible to participate in the City of Dinuba Miscellaneous & Safety cost-sharing multiple-employer defined benefit pension plan administered by the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plan are established by State statute and Local Government resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

**Benefits Provided**

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The rate plan provisions and benefits in effect at June 30, 2023, are summarized as follows:

**Contribution Description**

Section 20814(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through the CalPERS' annual actuarial valuation process. For public agency cost-sharing plans covered by either the Miscellaneous or Safety risk pools, the Plan's actuarially determined rate is based on the estimated amount necessary to pay the Plan's allocated share of the risk pool's costs of benefits earned by employees during the year, and any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

For the year ended June 30, 2023, the employer contributions recognized as a reduction to the net pension liability for the Plan were \$1,226,073 for Miscellaneous and \$1,950,523 for Safety.

**11. PENSION PLAN, Continued**

**Pension Liabilities, Pension Expense and Deferred Outflows and Deferred Inflows of Resources Related to Pensions**

As of June 30, 2023, the City reported net pension liabilities for its proportionate shares of the net pension liability of the Plan as follows:

Proportionate Share of Net Pension Liability/(Asset)	
Miscellaneous Plan	\$ (11,510,980)
Safety Plan	(14,180,065)
Total Plan Net Pension Liability	<u>\$ (25,691,045)</u>

The City's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2022, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021 rolled forward to June 30, 2022, using standard update procedures. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

The City's proportionate share of the net pension liability for the City's Miscellaneous Rate Plan as of the June 30, 2021 and 2022 measurement dates were as follows:

	<u>Miscellaneous Plan</u>
Proportion - June 30, 2021	0.10748%
Proportion - June 30, 2022	<u>0.24600%</u>
Change - Increase (Decrease)	<u>0.13852%</u>

The City's proportionate share of the net pension liability for the City's Safety Rate Plan as of June 30, 2021 and 2022 measurement dates were as follows:

	<u>Safety Plan</u>
Proportion - June 30, 2021	0.23776%
Proportion - June 30, 2022	<u>0.20636%</u>
Change - Increase (Decrease)	<u>-0.03140%</u>

For the year ended June 30, 2023, the City recognized a total pension income of \$366,288 for the Miscellaneous Plan and pension expense of \$1,569,648 for the Safety Plan.

**11. PENSION PLAN, Continued**

At June 30, 2023, the City reported deferred outflows and deferred inflows of resources related to the plans as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 3,432,871	\$ -
Change of Assumptions	2,609,320	-
Difference between Expected and Actual Experiences	818,025	308,807
Changes in employer's proportion	285,258	-
Differences between the employer's contribution and the employer's proportionate share of contributions	-	974,929
Net Difference between Projected and Actual Earnings on Pension Plan Investments	4,347,738	-
	<u>\$ 11,493,212</u>	<u>\$ 1,283,736</u>

The \$1,346,268 for the Miscellaneous Plan and the \$2,086,604 for the Safety Plan, reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows or deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Fiscal Year Ended June 30:	Total
2024	\$ 1,861,696

**11. PENSION PLAN, Continued**

Actuarial Methods and Assumptions Used to Determine Total Pension Liability For the measurement period ended June 30, 2021, the total pension liability was determined by rolling forward the June 30, 2021 total pension liability. The June 30, 2020 and the June 30, 2021 total pension liabilities were based on the following actuarial methods and assumptions:

Actuarial Costs Method	Entry Age Normal in accordance with the requirements of GASB Statement No. 68
Actuarial Assumptions	
Discount Rate	6.90%
Inflation	2.30%
Salary Increases	Varies by Entry Age and Service
Mortality Rate Table (1)	Derived using CalPERS' Membership Data for all Funds
Post Retirement Benefit Increase	Contract COLA up to 2.30% until Purchasing Power Protection Allowance Floor on Purchasing Power applies

(1) The mortality table was developed based on CalPERS-specific data. The rates incorporate Generational Mortality to capture ongoing mortality improvement using 80% of Scale MP 2020 published by the Society of Actuaries. For more details, please refer to the 2021 experience study report that can be found on the CalPERS website.

**Discount Rate**

Discount Rate – The discount rate used to measure the total pension liability as of the measurement date of June 30, 2022 for the Plan was 6.90%, which differs from the discount rate used as of the measurement date of June 30, 2021, of 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability. A detailed report testing these projections can be obtained from the CalPERS website.

In determining the long-term expected rate of return, CalPERS took into account long-term market return expectations as well as the expected pension fund cash flows. Projected returns for all asset classes are estimated and, combined with risk estimates, are used to project compound (geometric) returns over the long term. The discount rate used to discount liabilities was informed by the long-term projected portfolio return.

**City of Dinuba**  
**Notes to Basic Financial Statements**  
**For the Year Ended June 30, 2023**

**11. PENSION PLAN, Continued**

Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each PERF C fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation.

Asset Class	Current Target Allocation	Real Return <sup>(1)(2)</sup>
Global equity - cap-weighted	30.0%	4.45%
Global equity non-cap-weighted	12.0%	3.84%
Private Equity	13.0%	7.28%

Mortgage-backed Securities	5.0%	0.50%
Investment Grade Corporates	10.0%	1.56%
High Yield	5.0%	2.27%
Emerging Market Debt	5.0%	2.48%
Private Debt	5.0%	3.57%

**Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate**

The following presents the City's proportionate share of the net pension liability for the Plan, calculated using the discount rate for the Plan, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 % point lower or 1 % point higher than the current rate:

**Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial reports. See CalPERS website for additional information.

**Description of the Plan**

The City sponsors and administers a single-employer health care plan (HC Plan) for its employees. The plan provides medical, dental and vision plan coverage. Medical coverage is provided through CalPERS under the Public Employees' Medical and Hospital Care Act (PEMHCA), also referred to as PERS Health. Children are eligible for coverage until age 26.

As the City's OPEB benefits are administered by City personnel, no separate financial statements are issued.

The City participates in the CalPERS Health Program, a community-rated program for its medical coverage.

**Employees Covered**

As of the June 30, 2021 actuarial valuation, the following current and former employees were covered by the benefit terms under the Plan:

Active	69
Inactive employees or beneficiaries currently receiving benefits	28
	<u>97</u>

**Contributions**

The HC Plan and its contribution requirements are established by Memoranda of Understanding with the applicable employee bargaining units and may be amended by agreements between the City and the bargaining units. The City is funding the benefits as a "Pay-as-you-go", meaning the City only contributes the required benefits when due. Total contributions were \$349,517, which include the City's cash contributions of \$253,936 and implied subsidy of \$95,581.

**Total OPEB Liability**

The City's Total OPEB liability was measured as of June 30, 2022 and the total OPEB liability used to calculate the total OPEB liability was determined by an actuarial valuation dated June 30, 2021, based on the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions	
Discount Rate	3.69% at June 30, 2022 Bond Buyer Index 1.92% at June 30, 2021 Bond Buyer Index
Inflation	2.50%
Salary Increase	3.00% per year
Mortality*	CalPERS 2017 Experience Study; Projected with MW Scale 2022
Medical Trend	5.6% in 2024, fluctuating down 3.9% by 2076

\*Demographic actuarial assumptions used in this valuation are based on the 2017 experience study of the CalPERS using data from 1997 to 2015, except for a different basis used to project future mortality improvements. The representative mortality rates were those published by CalPERS and adjusted to back out 15 years Scale MP 2016 to central year 2015.

**Changes of Assumptions**

Discount rate changed from 1.92% as of June 30, 2021 to 3.69% as of June 30, 2022, based on the published change in return for the applicable municipal bond index.

**Discount Rate**

The discount rate used to measure the total OPEB liability was 3.69 percent. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. The City does not participate in a trust fiduciary fund.

**13. DEFERRED COMPENSATION**

The City has established a Deferred Compensation Plan and Trust as provided in Section 457 of the Internal Revenue Code of 1986, as amended. The City, acting as trustee of this plan, has agreed to perform its services as trustee in accordance with, and, as necessary, limited to comply with, applicable law. All amounts of compensation deferred pursuant to the plan, all property and rights purchased with such amounts, and all income attributable to such amounts, property or rights shall be held in trust for the exclusive benefit of participants and beneficiaries under the plan.

**14. RISK MANAGEMENT/JOINT VENTURE**

The City's risk management activities are recorded in the internal service fund. The purpose of the fund is to administer the employee life, health, property and liability, and workers' compensation insurance programs of the City.

The City participates with other public entities in a joint venture under a joint powers agreement which establishes the Central San Joaquin Valley Risk Management Authority (CSJVRMA). The relationship between the City and CSJVRMA is such that CSJVRMA is not a component unit of the City for financial reporting purposes.

The City is covered for the first \$1,000,000 of each general liability claim and \$500,000 of each worker's compensation claim through the CSJVRMA. The City has the right to receive dividends or the obligation to pay assessments based on a formula which among other expenses, charges the City's account for liability losses under \$50,000 and workers' compensation losses under \$50,000. The CSJVRMA purchases excess reinsurance from \$1,000,000 to \$29,000,000. The CSJVRMA participates in an excess pool which provides Workers' Compensation coverage from \$500,000 to \$1,500,000 and purchases excess reinsurance above \$5,000,000 to the statutory limit.

The CSJVRMA is a consortium of fifty-five (55) cities in San Joaquin Valley, California. It was established under the provisions of California Government Code Section 6500 et seq. The CSJVRMA is governed by a Board of Directors, which meets three times per year, consisting of one member appointed by each member city. The day-to-day business is handled by a management group employed by the CSJVRMA. The financial statements of CSJVRMA can be obtained at 1831 K Street, Sacramento, California 95814.

The financial position and results of operations for the CSJVRMA as of June 30, 2023 are presented below:

Total Assets	<u>\$ 153,984,502</u>

**14. RISK MANAGEMENT/JOINT VENTURE, Continued**

At the termination of the joint powers agreement and after all claims have been settled, any excess or deficit will be divided among the cities in accordance with its governing documents.

The City is self-insured for health insurance for its employees. Each department and division is charged an actuarially determined amount for health insurance expenses based on its employees. All claims are administered by an independent insurance processor; the City is responsible for reimbursing the company for all claims up to \$50,000 per covered individual, with any expenses greater than that being covered by the insurance provider.

The claims liability of \$50,000 for health insurance at June 30, 2023 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The claims liability was estimated from the average amount of claims paid per lag reports provided by the administrator. Settlements have not exceeded coverages for each of the past three fiscal years.

Changes in health claim liabilities at June 30, 2023 and 2022, were as follows:

	2023	2022
Liability - beginning of fiscal year	\$ 50,000	\$ 50,000
Current year claims and changes in estimates	2,238,082	2,843,643
Claim payments	<u>(2,238,082)</u>	<u>(2,843,643)</u>
Liability - end of fiscal year	<u>\$ 50,000</u>	<u>\$ 50,000</u>

**15. COMMITMENTS**

The City is committed to pay the local Chamber of commerce 40% of the annual business license fees collected. For the fiscal year ended June 30, 2023 this amount is approximately \$111,000. The budgeted amount for fiscal year June 30, 2023 is \$98,000.

**16. CONTINGENT LIABILITIES**

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the government expects such amounts, if any, to be immaterial.

The City is subject to various lawsuits and claims involving public liability and other actions incidental to the ordinary course of City operations. In the aggregate, those claims seek monetary damages in significant amounts. To the extent the outcome of such litigation may be determined to result in financial loss to the City, in the opinion of City management, any potential liability for these actions is adequately provided for in the basic financial statements. The timing of potential payment of such losses cannot presently be determined.

**17. TAX ABATEMENTS**

The City entered into an operating covenant agreement with a retailer of consumer electronic goods in 2015. The City agreed to rebate quarterly 50% of sales tax revenues attributable to online taxable sales. This agreement qualifies as tax abatement under the provisions of GASB Statement 77. However, due to legal restrictions per the California Revenue and Taxation Code Section 7056, additional disclosures cannot be provided.

The City entered into a professional services agreement with a consultant to provide specialized legal and sales tax expertise and information services to the City. The consultant will also assist in any local sales tax audit or appeal with the California Department of Tax and Fee Administration (CDTFA). The City agreed to pay quarterly 20% of what the City retains from the aforementioned operating covenant agreement. This agreement qualifies as tax abatement under the provisions of GASB Statement 77. However, due to legal restrictions per the California Revenue and Taxation Code Section 7056, additional disclosures cannot be provided.

**18. SUCCESSOR AGENCY TRUST FOR ASSETS OF THE FORMER REDEVELOPMENT AGENCY (SADRA)**

On December 29, 2011, the California Supreme Court upheld AB X1 26 that provides for the dissolution of all redevelopment agencies in the State of California. This action impacted the reporting entity of the City that previously had reported a redevelopment agency within the reporting entity of the City as a blended component unit.

AB X1 26 provides that upon dissolution of a redevelopment agency, either the city or another unit of local government will agree to serve as the "successor agency" to hold the assets until they are distributed to other units of state and local government. The City Council elected to become the Successor Agency for the former redevelopment agency in accordance with AB X1 26.

After enactment of the law, which occurred on June 28, 2011, redevelopment agencies in the State of California cannot enter into new projects, obligations or commitments. Subject to the control of a newly established oversight board, remaining assets can only be used to pay enforceable obligations in existence at the date of dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments).

In future fiscal years, successor agencies will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of the former redevelopment agency until all enforceable obligations of the prior redevelopment agency have been paid in full and all assets have been liquidated.

AB X1 26 directs the State Controller of the State of California to review the propriety of any transfers of assets between redevelopment agencies and other public bodies that occurred after January 1, 2011. If the public body that received such transfers is not contractually committed to a third party for the expenditure or encumbrance of those assets, the State Controller is required to order the available assets to be transferred to the public body designated as the successor agency by AB X1 26.

In accordance with the timeline set forth in the Bill (as modified by the California Supreme Court on December 29, 2011) all redevelopment agencies in the State of California were dissolved and ceased to operate as a legal entity as of February 1, 2012. Prior to that date, the final seven months of the activity of the redevelopment agency continued to be reported in the Low-Moderate Income Housing, Tax Allocation and Redevelopment Agency governmental funds of the City. After the date of dissolution, the assets and activities of the dissolved redevelopment agency are reported in a fiduciary fund (private-purpose trust fund) in the financial statements of the City.

## Required Supplementary Information

### For the year ended June 30, 2023

---

#### 1. BUDGET AND BUDGETARY DATA

- a. The annual budget adopted by the City Council provides for the general operation of the City. It includes proposed expenditures and the means of financing them.
- b. The City Council approves total budgeted appropriations and any amendments to appropriations throughout the fiscal year. All amendments made during the fiscal year are included in the budgetary amounts reported herein. The "appropriated budget" covers all City expenditures, with the exception of debt service on bond issues and capital improvement projects carried forward from prior fiscal years, which expenditures constitute legally authorized "non-appropriated budget". Actual expenditures may not exceed budgeted appropriations at the fund level, which is the legal level of control.

The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Council.

- c. Formal budgetary integration is employed as a management control device during the fiscal year. Commitments for materials and services, such as purchase orders and contracts, are recorded as encumbrances to assist in controlling expenditures. Appropriations which are encumbered lapse at fiscal year-end, and then are added to the following fiscal year's budgeted appropriations.
- d. Budgets for the General, Special Revenue, and Debt Service Funds are adopted on a basis substantially consistent with accounting principles generally accepted in the United States of America (USGMP). Accordingly, actual revenues and expenditures can be compared with related budgeted amounts without any significant reconciling items.

The Housing Authority Fund and 2020 PLHA Fund do not have legally adopted budgets for the fiscal year ended June 30, 2023.

Budget comparisons are not presented for the Proprietary Funds, as the City is not legally required to adopt a budget for these type funds.

- e. Capital projects are budgeted through the Capital Projects Funds. Appropriations for capital projects authorized but not constructed or completed during the fiscal year are carried forward as continuing appropriations into the following fiscal year's budget.
- f. Under Article XIII-B of the California constitution (the Gann Spending Limitation Initiative), the City is restricted as to the amount of annual appropriations from the proceeds of taxes, and if proceeds of taxes exceed allowed appropriations, the excess must either be refunded to the State Controller or returned to the taxpayers through revised tax rates or revised fee schedules, or an excess in one year may be offset by a deficit in the following year. For the fiscal year ended June 30, 2023, based on calculations by City staff, proceeds of taxes did not exceed appropriations. Further, Section 5 of Article XIII-B allows the City to designate a portion of fund balance for general contingencies, to be used for any purpose.

**Year Ended June 30, 2023**

**Special Revenue Funds**

Special revenue funds are used to account for specific revenues (other than those for major capital projects) that are restricted legally to expenditures for particular purposes.

**Housing Authority**

This fund is used to account for activities of the former low and moderate income housing fund of the former Dinuba Redevelopment Agency.

**2020 PLHA**

This fund is used to account for activities of the Permanent Local Housing Allocation (PLHA) grant.

**Public Safety Sales Tax Fund**

This fund accounts for 3/4% add-on sales tax approved by voters in November 2005 for enhanced public safety services.

**Gas Tax Fund**

This fund accounts for street projects paid out for the City's share of the gas tax monies received from the state.

**Parks Reserve Fund**

Monies received from developers for the purpose of acquiring additional parklands are accounted for in this fund.

**Transportation Fund**

This fund accounts for monies received under the Transportation Development Act for street and road projects, and for planning purposes.

**System Development Charges Fund**

This fund accounts for developer deposits for expanding existing water, sewer, and/or transportation systems, and to provide new systems necessary in new real estate developments.

**Community Enhancement Grants Fund**

This fund accounts for various State and Federal grants awards to the City.

**Assessment Districts Fund**

This fund accounts for the lighting and maintenance district costs of various medians and landscape areas in the City. Funding is provided by assessments charged to property owners within the district.

**Road Repair and Accountability Act of 2017 (SB1) Fund**

This fund accounts for fees collected from developers and saved for future capital outlays for fire equipment.

**City of La Verne**  
**Nonmajor Governmental Funds (Continued)**

**Internal Service Funds**  
**Year Ended June 30, 2023**

Internal service funds are used to account for the financing of goods or services provided to departments or agencies of the government and to other government units, on a cost reimbursement basis.

**Insurance Fund**

This fund was set up to account for the cost of general liability, property damage, and employee related health insurance costs. The City is involved in a self-insurance program through a joint powers authority with other local municipalities. The source of funding for the City's program is a charge to all operating departments through a budgeting of the estimated costs to be allocated.

**Property and Equipment Service Fund**

This fund was set up to account for the costs of maintenance and repairs for both buildings and equipment throughout the City. The source of this funding is a charge against the departments for services rendered.

**Technology Replacement Fund**

This fund was set up as a computer replacement program, implemented to account for the costs associated with computer, server and Information Technology replacements throughout the City. All costs are spread amongst the benefitting funds.

<sup>1</sup> Estimated Actual Value of Taxable Property is not available since passage of Proposition 13 in 1978. Property assessed values may rise only to a maximum of 2% per year unless there is new construction or when the property is sold. Consequently, estimated values are not available.

<sup>2</sup> Pursuant to chapter 1207 of the statutes of 1978, "Assessed Value" means 100% of full taxable value.

<sup>3</sup> The City's total direct tax rate varies by tax rate area. The rate shown is the combined rate for the entire city and may not match the rate shown on the "Direct and Overlapping Property Tax Rates" schedule.

NOTE: In 1978, California voters passed Proposition 13, which sets the property tax rate at a 1.000% fixed amount. This 1.000% is shared by all taxing agencies for which the subject property resides within. In addition to the fixed amount, property owners are charged taxes as a percentage of assessed property values for the payment of bonded debt service on the voter-approved School District and Community College bonds.

<sup>1</sup> The City's total direct tax rate varies by tax rate area. The rate provided comes from tax rate area 001-005 and is representative of other tax rate areas within the City.

### DISCUSSION

On January 9, 2024 staff presented City Council with the recommendation to solicit formal bids for disposal services in order to ensure that customers are receiving competitive rates and service levels. Following a long discussion which included comments from the public, Council asked that the item be brought back for continued discussion.

Pursuant to the Dinuba Municipal Code, "all dwellings, apartment houses, and places of business in which refuse waste accumulates within the city shall be required to use the collection service of the city". The collection of waste material is an essential city service that promotes public health and enhances the community's quality of life. Over

the years, the State of California has been at the forefront of increased waste management regulations. Much of its focus has been on increasing recycling rates, sustainable waste practices, and extending producer responsibility. The state has set ambitious goals for waste diversion and has implemented various programs to achieve these targets.

In the City of Dinuba, disposal management services are operated by a third-party contractor. Since 1981 this contractor has been Pena's Disposal. The initial contract term was set to expire on November 1, 1986. However, the city has approved four consecutive extensions on the following dates:

May 27, 1986	Extended 5 years and 8 months
April 24, 1990	Extended additional 10 years
November 13, 1996	Extended additional 10 years
October 7, 2009	Extended additional 15 years

The amendment processed in 2009 extended the contract term to June 30, 2025. In total, the City's agreement with Pena's Disposal has been approved for almost 44 years. In an effort to ensure Dinuba residents are getting the most competitive rates and highest quality service, staff is recommending that the subject agreement be bid through a formal bidding process. This includes announcing a request for proposals (RFP) in relevant clearing houses and accepting proposals from all qualified vendors. Below is a potential timeline for the proposed bidding process:

April 2024	Prepare Request for Proposals (RFP) package
May 2024	Issue Request for Proposals
June 2024	Deadline to submit proposal
August 2024	Interview and rank proposers
October 2024	Select waste hauler
November 2024	Negotiate new agreement
December 2024	Finalize new agreement and present to City Council
July 2025	New agreement begins

Although the timeline is subject to change, the goal is to begin the process as early as possible in order to provide sufficient time for staff to prepare & release the RFQ, review and rate proposals, and negotiate a new agreement.
